Pep Assembly

First time ever for the Queen to be announced at a pep assembly. Tradition?

This year the kick-off assembly got cancelled, but we didn't let that get our spirits down. This year we may have started a new tradition for the lumberjacks.

The candidates were announced on AHNN on Aug. 29. The student body then voted for their 2002 Homecoming Queen. On September 6 there was an assembly to kick-off the season. Everyone gathered into the gymnasium where the school's spirit filled the room. That's where the

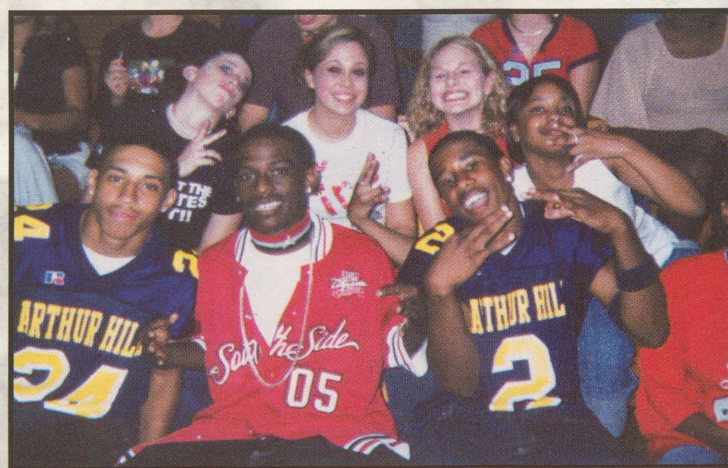

the fall team captains gave a little speech about the way that team was going to do this season. The homecoming court was presented, and then Mr. Paine announced at the assembly for the first time ever in Arthur Hill history who the queen was. Ms. Carita Wilson and Ms. Miranda Rodriguez were announced as the attendants. Our 2002 Homecoming Queen was Ms. Lauren Terry. The assembly turned out to be a hit and possibly a new tradition was started.

CLASS OF 2003!!!

Don't Let It Rain On Our Parade!

Right:

Melissa Vervinck shows her lumberjack pride and proves that a little rain won't keep her from having a good time.

Despite the rain, the 2003 homecoming parade and game were a complete success. The floats were magnificent, the marching band set the tune, the clubs and teams were full of excitement, and the homecoming court topped it off with fancy corvettes and drop-dead gorgeous looks. The varsity football team went on to defeat Flint Central, and at half time the class of '03 was announced the winner of the float competition for the fourth year in a row! This all goes to show, a little rain couldn't ruin our homecoming festivities.

Snow King 2003: A New Tradition

This year instead of having the traditional King Arthur organized by the Varsity Pom-pon squad, Arthur Hill had its first annual Snow King. Mrs. Dudley and Mrs. Coleman took charge of the event. The nomination process was the same. Each senior chose three guys. The top nine became the court. The entire school voted on these nine with the top three becoming two Prince Charmings and Snow King (instead of Sirs Lancelot and Gallahad and King Arthur.) The nine guys who made court were announced as follows: David Austin, Jason Brown, David W. Davis, Tyler Glavens, Justin Kilgore, Delemar Linszey, Joe Piel, George Roe, and Devonte Whiting. The assembly was conducted in the auditorium, and it started with a story written by Joe Piel and told by Anna Bashons. The story was about how Snow King and King Arthur who were brothers fought each other in a war for power, and how Snow King won. This is the new tradition. The boys came out and gave a great performance. Then the moment of truth... Joe Piel and Devonte Whiting were crowned the two Prince Charmings and David W. Davis was crowned Snow King. The Step Club and Varsity Pom-pon squad performed for the court. After that the guys graced us with one final performance. Congratulations Guys!

Homecoming Court

Hollywood Presents: Homecoming Court 2002

The curtains open, and the audience finally sees the show. The homecoming court is as beautiful as ever. Just a couple of weeks before we all found out who the "nine lucky ladies" were. The tradition was changed. Instead of the court being announced at the pep assembly, they were announced by a special broadcast on the Arthur Hill Network News on August 29, 2002. The nine girls who would become the Homecoming Court of 2002 were: Katie Green, Andrea La Pan, Rayecine Millege, Kate Puszykowski, Miranda Rodriguez, Jill Snodgrass, Ivey Taylor, Lauren Terry, and Carita Wilson. The next week, we had the pep assembly, and the Queen and her attendants were announced on September 6, 2002. The Homecoming Queen 2002 and her attendants were Queen Lauren Terry, Princess Carita Wilson, and Princess Miranda Rodriguez. The girls came up with a routine for the homecoming assembly with their escorts. They all worked hard. On the day of the homecoming assembly, the girls and their escorts were announced by the MC's, David Austin and Jessica Sedlock. Last year's Queen Michaela Garth came back and gave some very inspiring words to the court. Then the girls and their escorts gave the audience, which was full of family, friends, peers, and school staff, the show that everyone had been waiting to see. We were not disappointed. The homecoming parade, and the game against Flint Central followed the assembly.

Jack Frost Dances Till' Meltdown

Returning to the usual Saturday night, the Snowball dance was a huge success. With the theme Jack Frost, over 700 students attended. There were plenty of smiles, laughter, and most of all, kids "gettin' jiggy wit' it." Hopefully, next year's Snowball dance will be just as hype.

~ Our Senior Memories ~

*These past four years we have all
laughed together and cried together.
Now we will reminisce together.*

~ Jill Snodgrass ~

Left: Alex Kohut explains his story to Jessica Maldonado in newspaper.

"Last year we beat the class of 2002 in the float competition," said Jessica. "That was a great feeling because the competition was so high. This year was nice to because it meant we won the competition all four years."

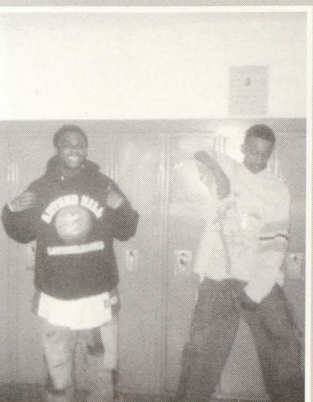

Left: Andrew MacQueen lets us know school doesn't have to be all work in his Calculus class.

"My most memorable moment happened sophomore year," Andrew said. "That year we beat Heritage both times we played them in soccer. The victories meant a lot to me because Heritage's team is filled with my former teammates."

Left: Seniors from Mr. Salinas' fourth hour gather together for one last picture.

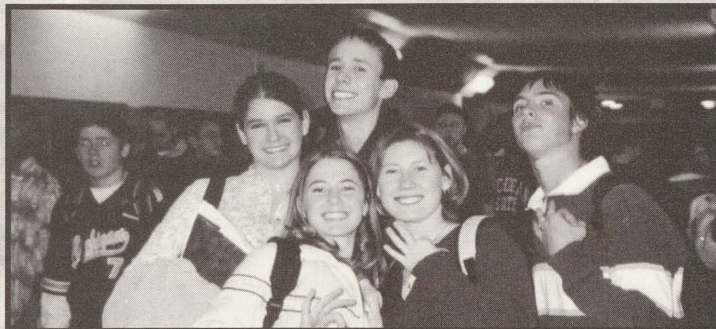

Kasia Ciolek (far left) recalls, *"My freshman year I sat in the wrong class for two days without even knowing it! Turns out the class wasn't even on my schedule."*

Left: Jason Brown flashes a grin as Justin Kilgore does a dance.

"I'm going to miss playing basketball here. I'll miss going to practices and hanging out with my teammates," said Jason.

Justin said, *"It's going to be weird next year not chilling with everybody and seeing all my classmates."*

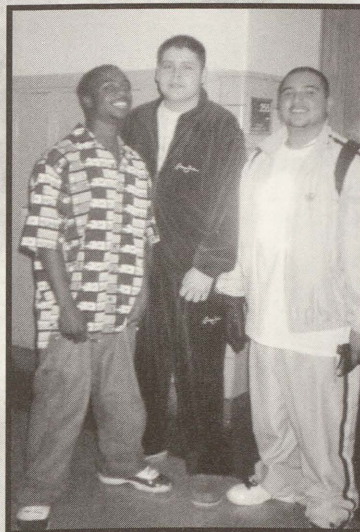

Above L to R: Jessica Schneider, Kristen Thompson, George Roe, Kate Puszykowski, and Adam Leggitt smile and enjoy one of their final ten minute breaks.

Above: All the seniors in African American Literature represent '03 "er day, all day!"

Amy O'Neal (top left) said she will, *"Miss Mrs. Conflitti the most next year. She has been my favorite teacher since freshman year. She has always been there for me. I love you Mrs. Conflitti."*

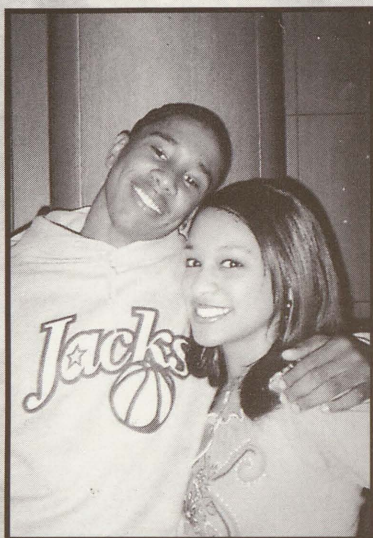

Left: Jimmy Foster, Steve Orozco, and Omar Dasuqi take a break in the day for a quick smile.

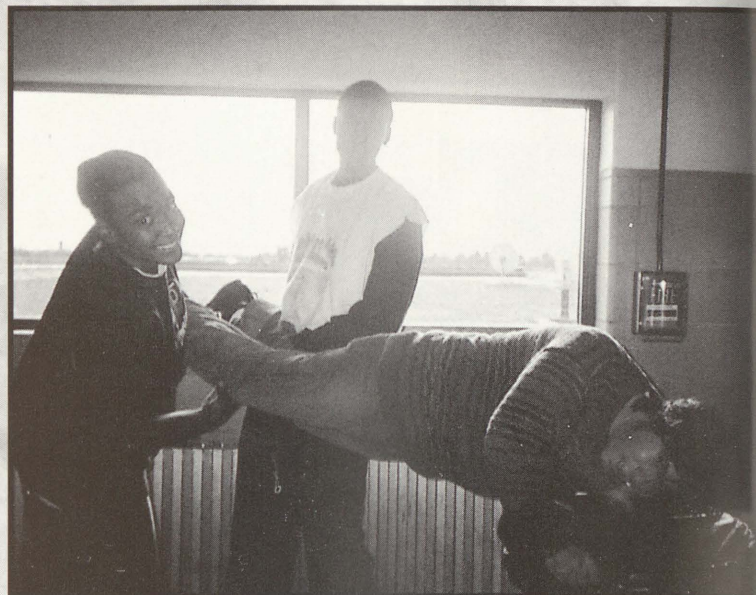

Steve said he will, *"Miss going to all the sporting events."*

"Walking through the halls talking to all the teachers is what I'm going to miss," Jimmy said.

Freshmen Get Their First Taste of the Hill

Freshmen Focus

"The ice cream social was a great way to get to know everyone."

~ Kristin Davis

"It was fun, and the ice cream was really good."

~ Cedric Townsel

"The assembly enabled us to get to know the school better."

~ Telicia Farris

The Class of 2006 started their day off with a bang! Freshmen started the day with a later start than the upperclassmen so that they could feel comfortable with their new environment. They went to their shortened classes and then proceeded to the auditorium for a brief assembly where they heard speeches from our principal, Mr. John Paine, student council president Andrea La Pan, and vice president David Austin.

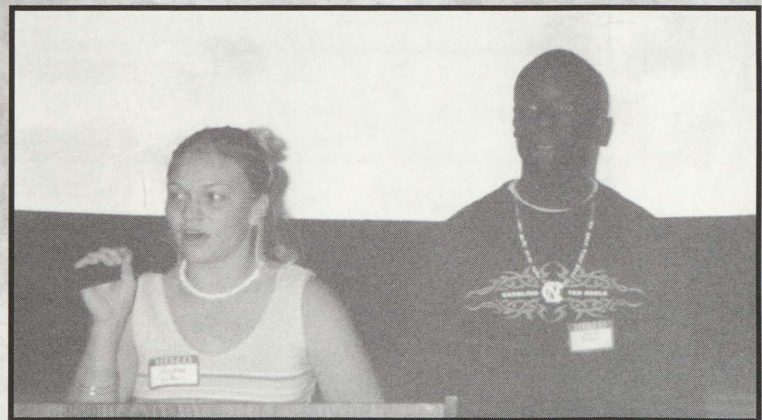

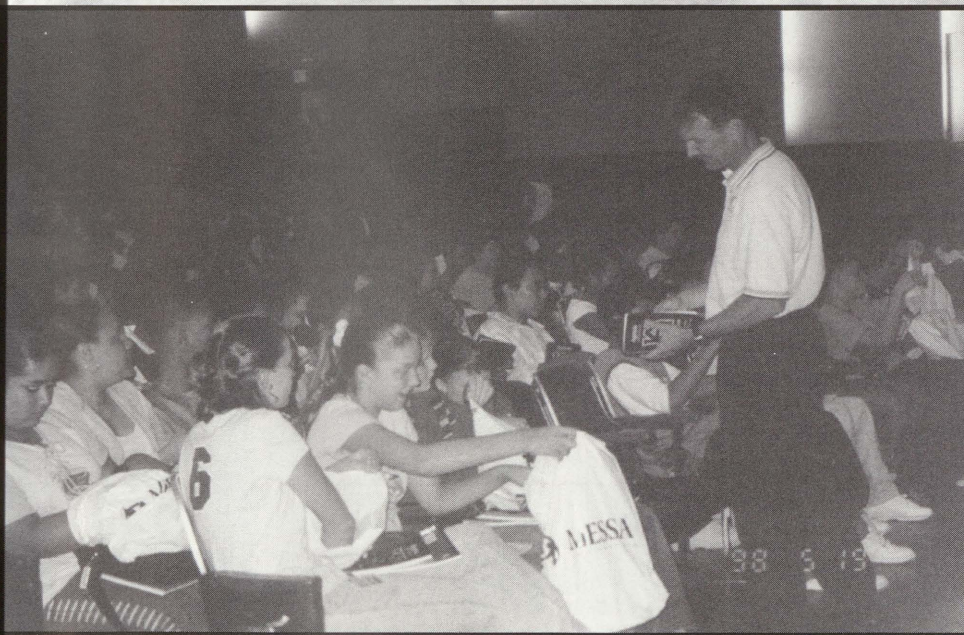

After the assembly, the students became more familiar with the school as well as their new classmates by exploring their new school with the scavenger hunt. This followed up by an ice cream social.

These activities ended the freshmen orientation and left them prepared for the year ahead.

~ Josh Shorter and Dane M. Schmidt

ACADEMICS

Language Arts: Preparing us for the years ahead.

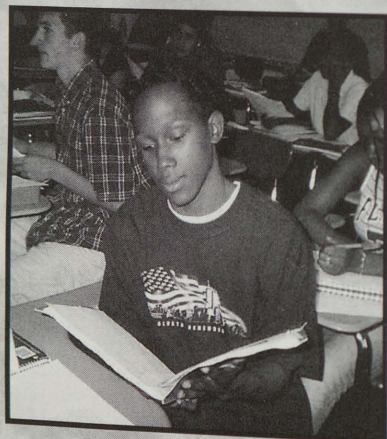

Once again the English Department has done it. They are constantly preparing us for the future and, of course, the MEAP tests. As in years past, if one passes the three required tests, one can receive a \$2,500 scholarship which will help out a lot in college. With an emphasis on reading and writing, all teachers are trying to raise students scores.

Mrs. Rebney became the new Creative Writing teacher since Mr. Fish moved into the counseling center. Students in her class say that it's a good experience. "I like how you can express yourself in that class. There's nothing to hold you back," said junior Josh Shorter.

Along with everyone in the school, the English Department has worked extremely hard to improve each and everyone of its students. To all the teachers here at the Hill, we tip our hats and thank you.

- Jill Snodgrass

Keeping heads in the books

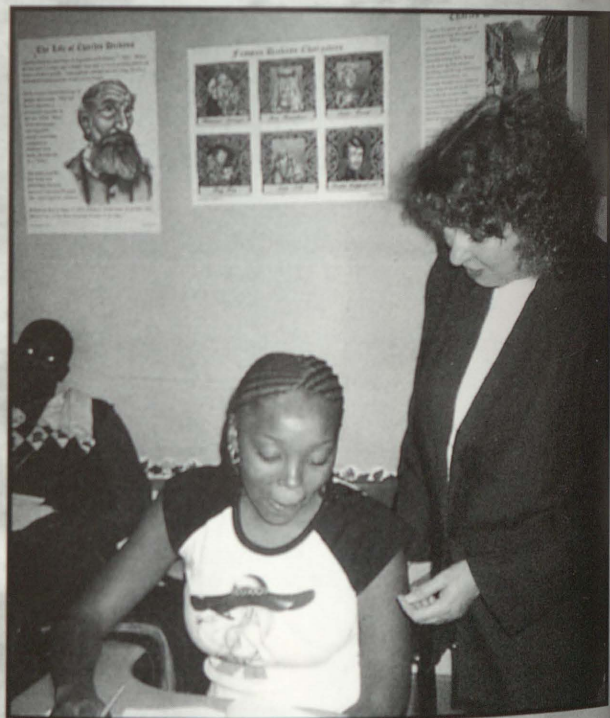

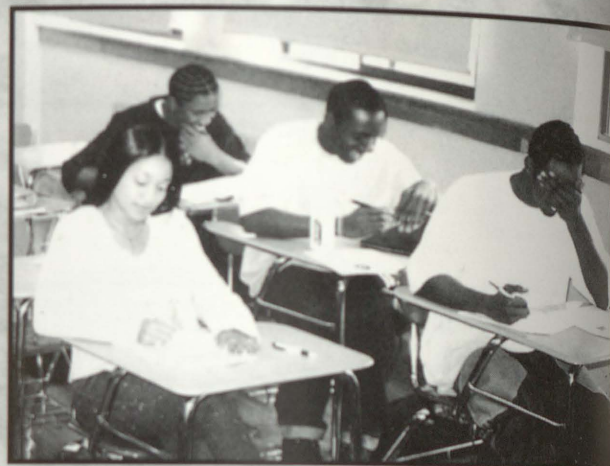

Above- Travontae Payne concentrates hard on his English. Keep up the good work!

Teamwork gets the job done

Above- Sara Isquierdo gives Abby Barlow a little bit of help to get the assignment accomplished.

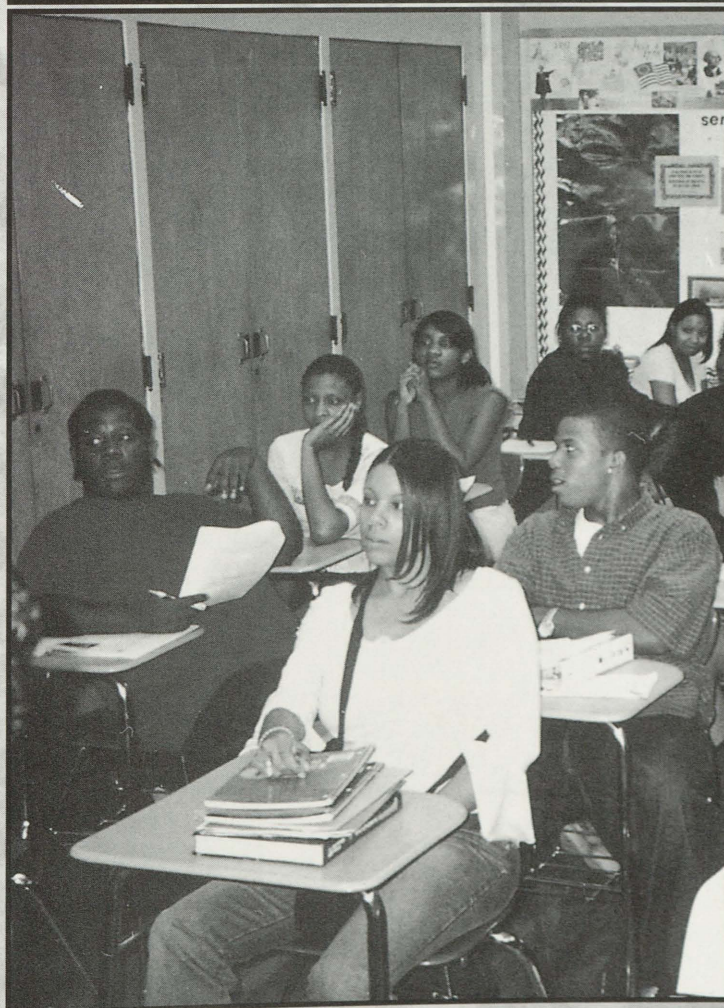

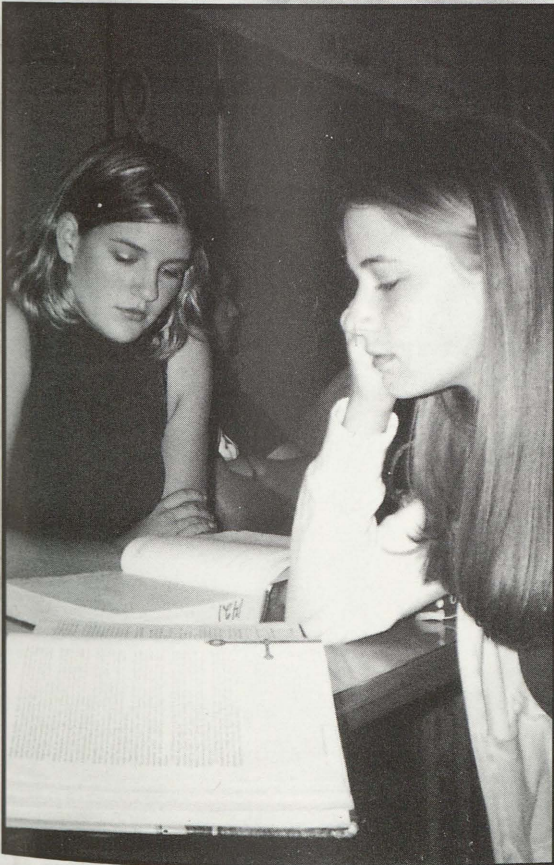

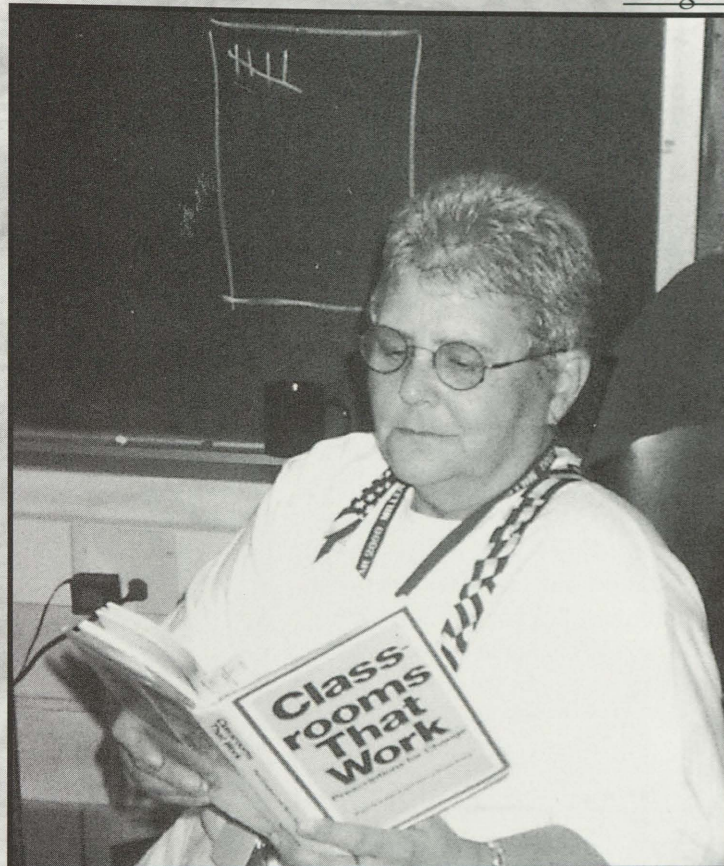

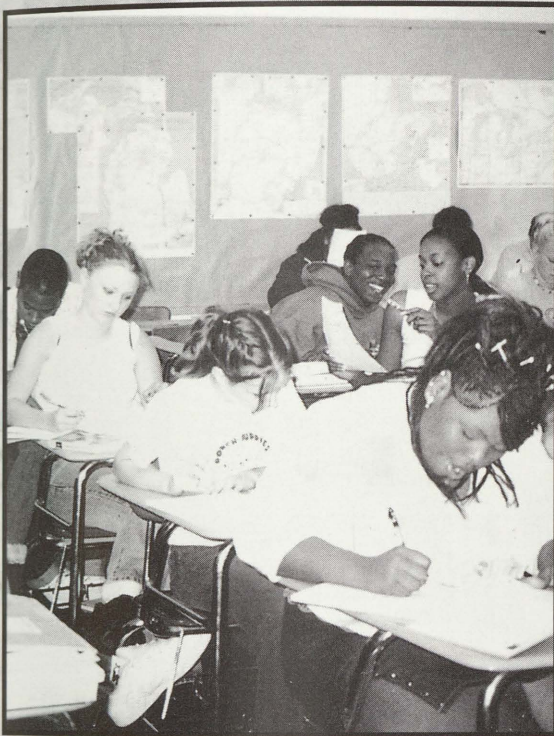

Top- Seniors concentrate so hard on their work.

Middle- Mrs. Kohut explains to Quintana George just how to get that 'A' work done.

Bottom- Even with all the hard work, some students still find time to take a nap.

Below Left- Mr. Grange's literature class sits consumed in their studies.
Below Right- Ms. Smith takes time to read to her class.

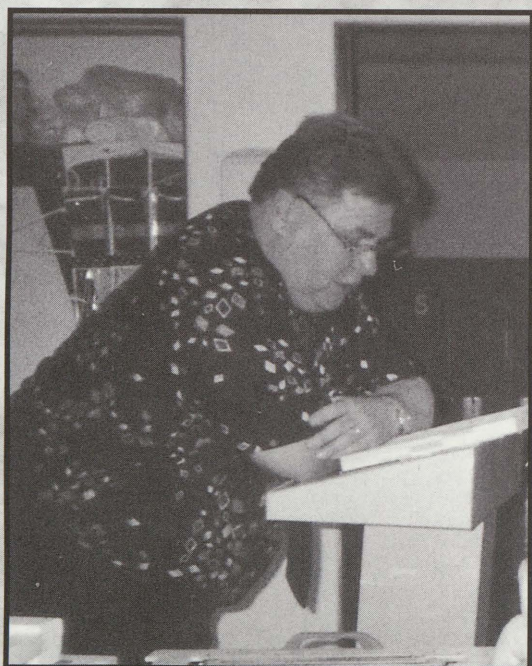

Above Left- Kristen Thompson and Jessica Schneider get lost in their literature books.
Above Right- Mrs. Oliver's African American Literature class is intrigued by the video.

Math Classes Lay Foundation for College

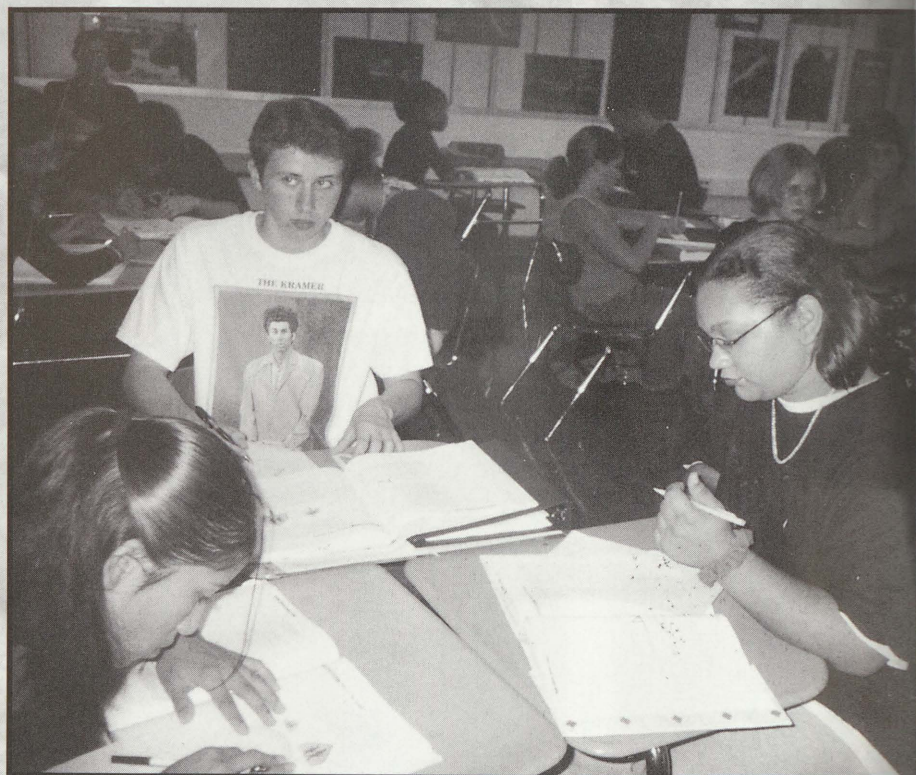

Arthur Hill students are required to take at least two years of Math. However, for those that choose to continue beyond two years, there are some options. They can elect to take Advanced Algebra Trigonometry, Calculus, or elect to take a class elsewhere for credit.

Calculus is the highest level math class offered here at Arthur Hill. I asked, Senior Erinna McKissick, a student in Mrs. Bosco's Calculus class how she feels about the daily warm-up activities. "I've learned that numbers can be both nerve-racking and fun," says Erinna McKissick.

Fumes & Stench Fill the Science Wing

The science department has been working hard to put smiles on the faces of the kids in the laboratory. Lumberjacks have been doing a lot of hands on work. With the addition of a new hood vent in the chemistry lab, kids won't leave with a light head on lab day anymore.

Science classes consist of Chemistry, AP Chemistry, Earth Science, Life Science, Physical Science, Med Tech, Advanced Biology, Physics, Physics PT, Human Biology, AP Human Biology, and Astronomy.

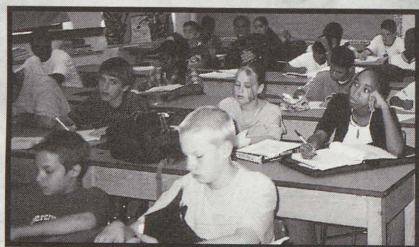

Mrs. Thompson, Head of the Science Department, has plenty of goals for everyone to achieve this year. "Hands on, Minds On," she described as the motto for the year. She continued to say, "The Science wing is trying to ensure that every student loves science and is successful in the MEAP." She hopes that every student will get a good grounding in science for the profession they will pursue after they're done with high school.

- George Roe

LEFT:

Mrs. Stack's 9th grade class looks very flabbergasted. The freshman are getting their first taste of many years of science to come.

ABOVE:

Sara Martinez and Zachary Zsoter (Bill Nye) watch as Sean McCliggo tries to burn metal on lab day.

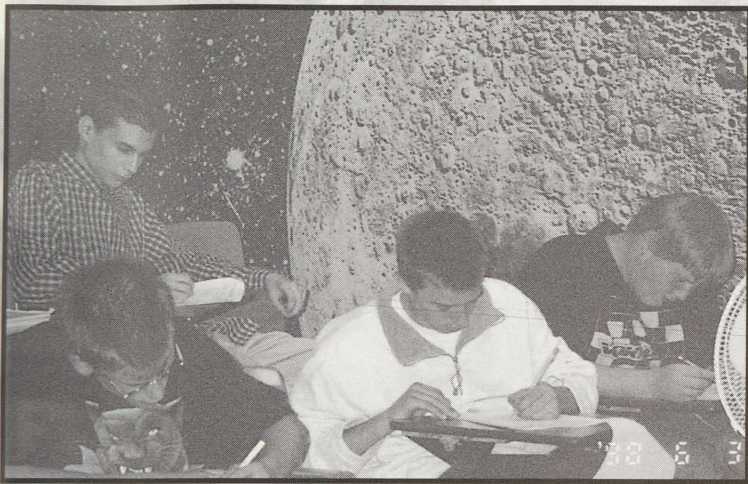

ABOVE:

As hard as Brent Keaner tries to pop the latex balloon he can not succeed. Jesse Flores looks on as he tries to figure out a way to poke the wooden dowel through the balloon without popping it.

RIGHT:

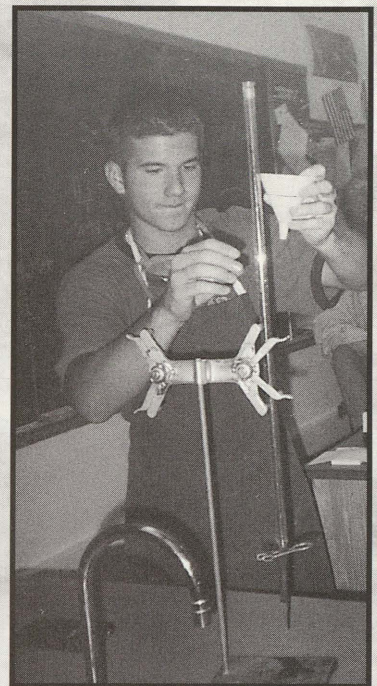

Tiesha Marlow is checking her calculations while Brittani Sutton writes down the answers.

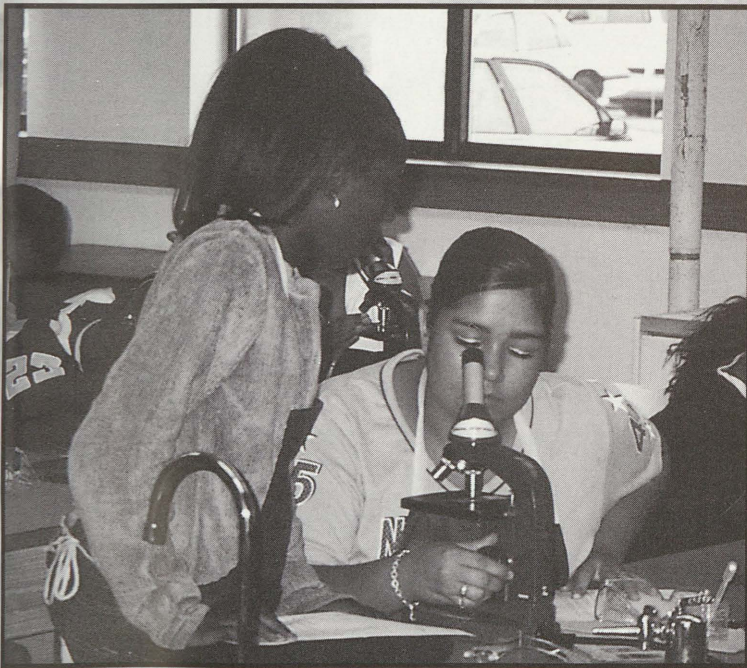

LEFT:

The learning environment in this room happens to be out of this world. The students take notes of the day's lesson and work diligently.

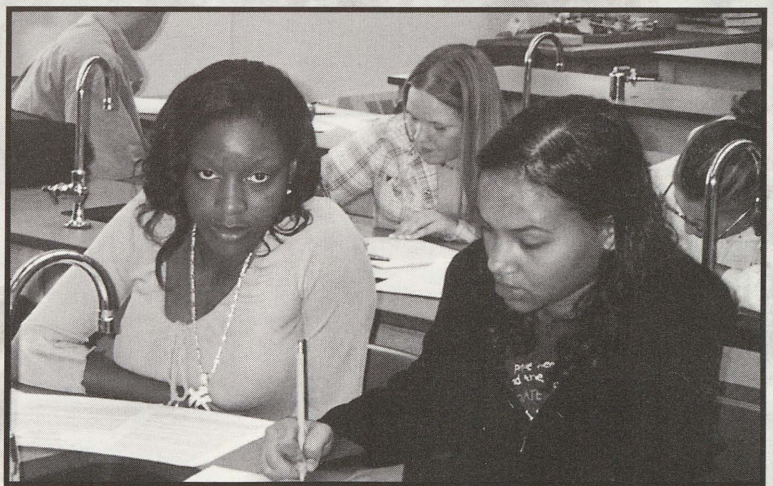

RIGHT:

Gary Acha looks very intrigued with the buret that he just filled with some high quality H₂O.

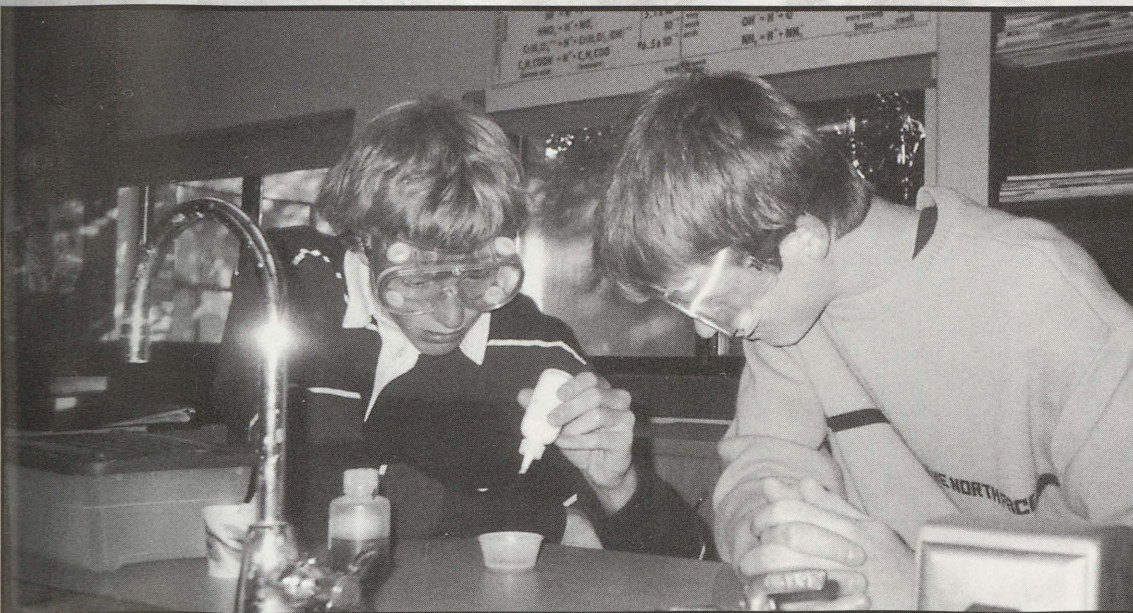

LEFT:

Angelica Juarez looks at some specimens underneath the microscope. Latavya Choyce is eager to count how many blood cells there are.

ABOVE:

Taquita Townsend is looking at more than the books while Keisha Powell gets her work done in science class.

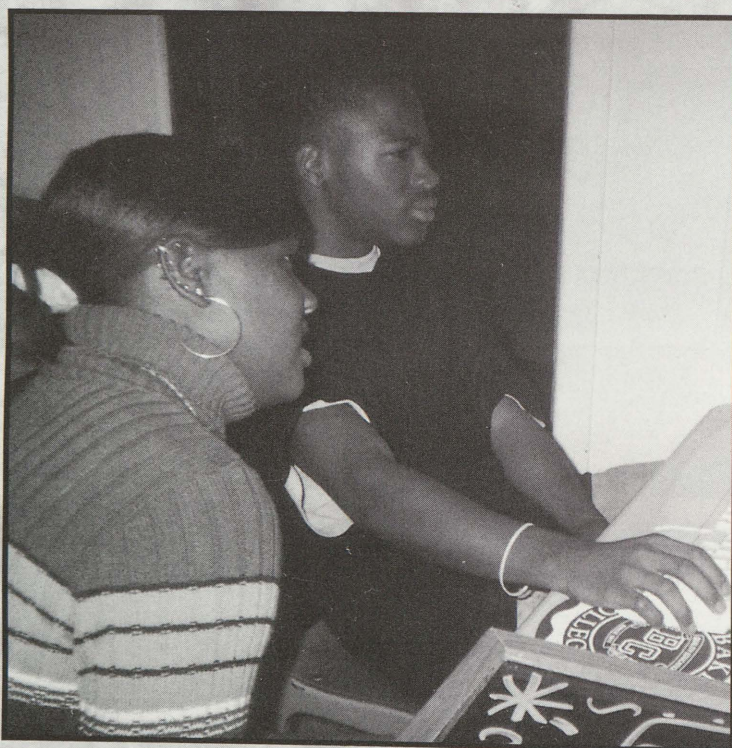

LEFT

Troy Howley is diligently dropping drops and waiting for the massive chemical reaction that is about to occur. Brent Keaner is hoping that the outcome turns out to be the best.

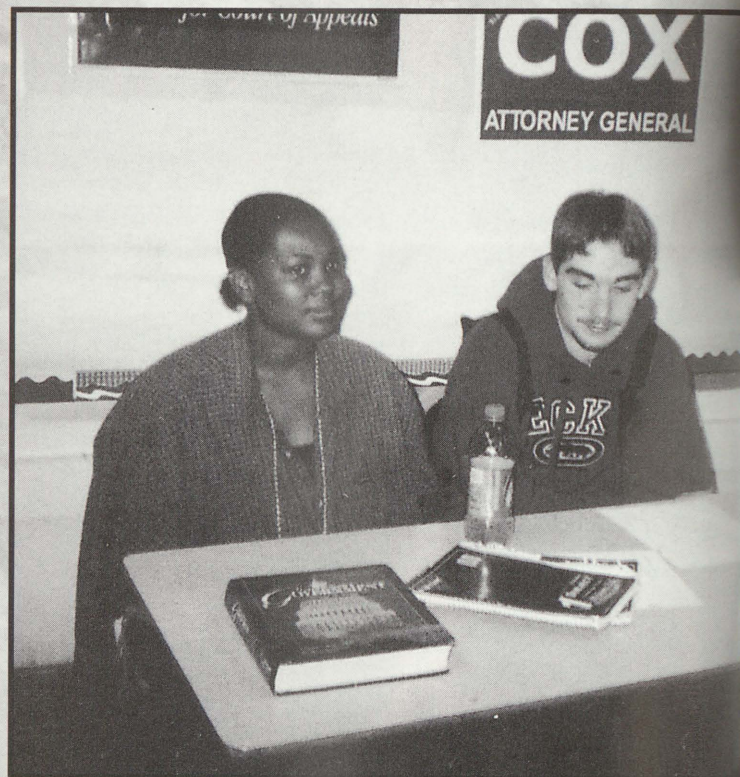

Social Studies Prepares students...

Students at Arthur Hill High School may take the following classes at some point in their high school career: Economics, Government, U.S. History, Psychology, and Sociology. Economics prepares students for life beyond high school. Students learn about renting apartments, car insurance, spending and saving money, and how to make out checks. Government students learn about politics, U.S. Senate, and the Constitution. Arthur Hill students are given a good understanding of the U.S. Government. "Mr. Gravlin's teaching techniques are different from any other teacher in the school," says Nida Husain.

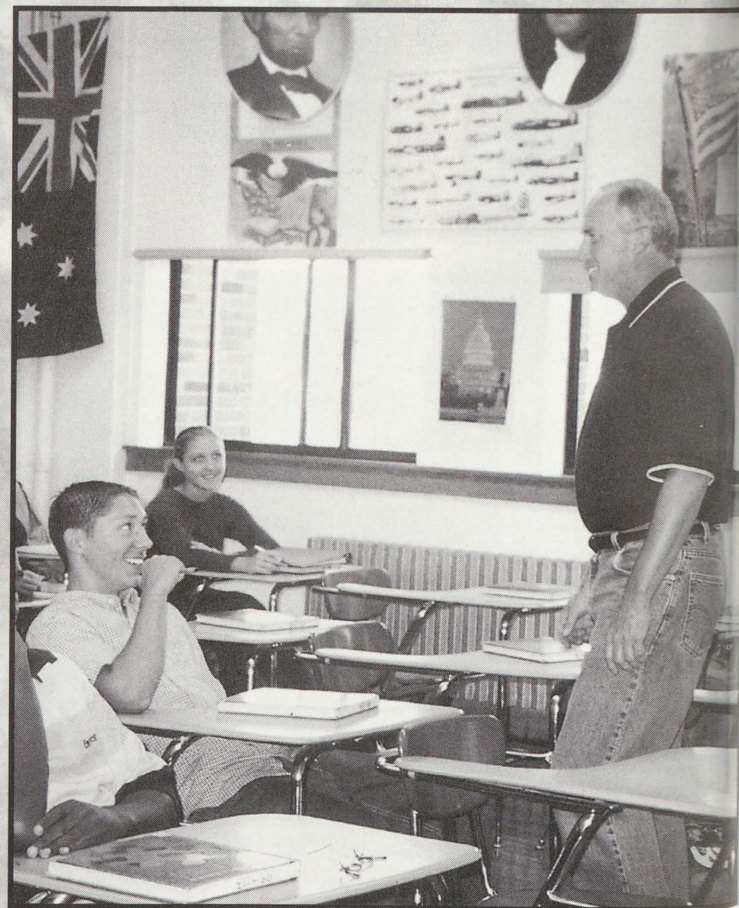

- Christen Leitz

Above: Debra Bolton and Rahmier Sanders work together on the computer to locate the stock high and lows for the week.

Above: Seth Halin and Lashonna Bolton work together on a government assignment.

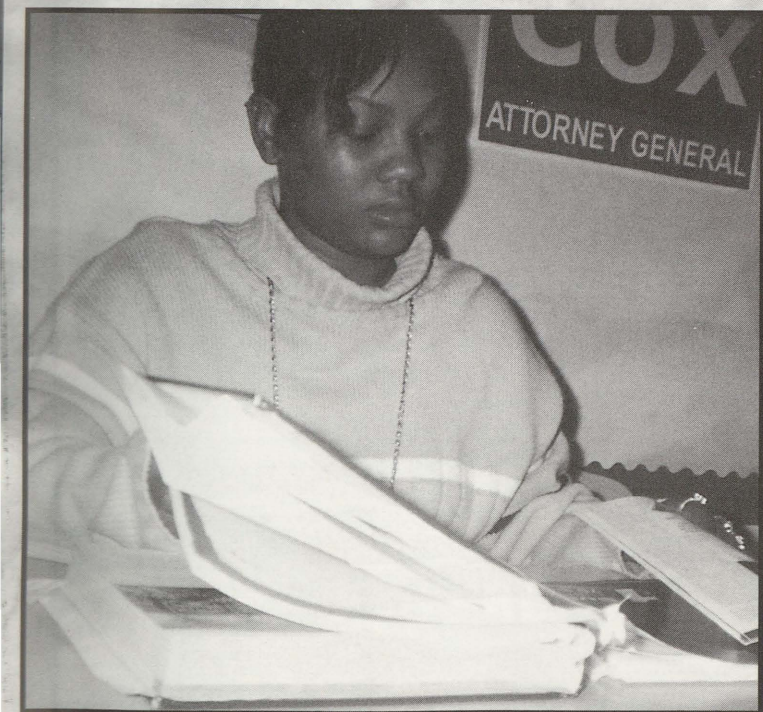

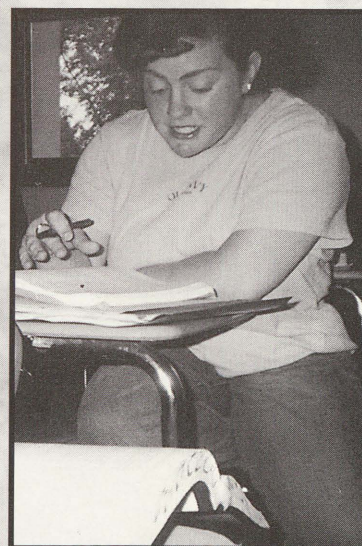

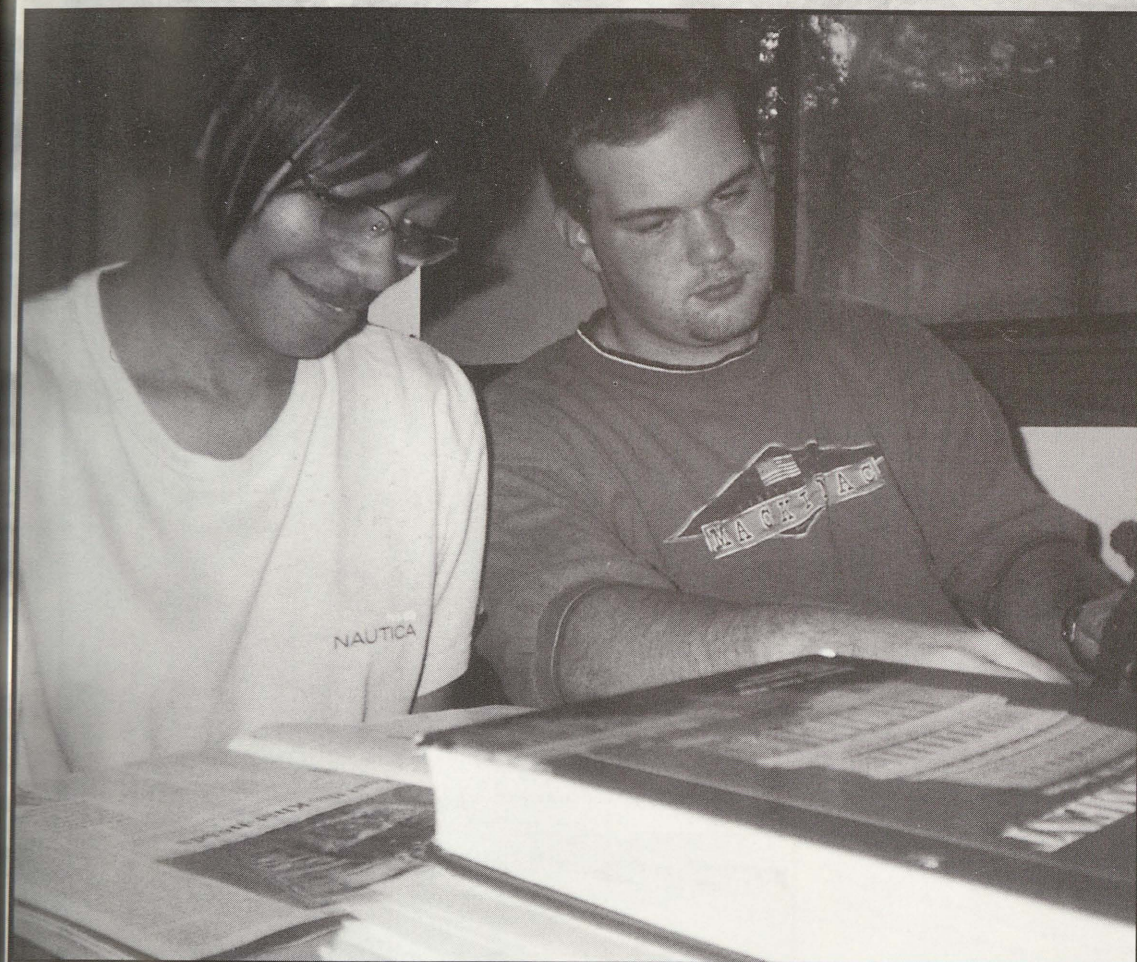

Right: Zachary Rangel and Monola Meacham find Mr. Ryan funny.

Social Studies

Left: Shardey Simmons and Josh Turner work together on an assignment.

Below: Lisa Sayer works on book work for history.

Above: Lashonna Bolton works hard on a government assignment.

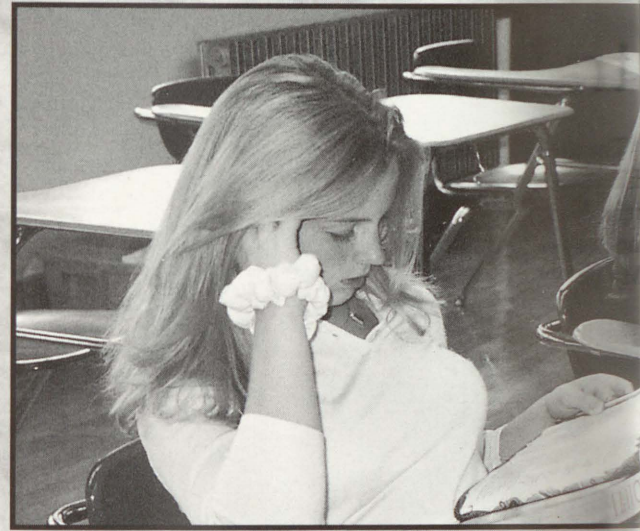

Above: Amanda Albosta works on economics simulation for paymaster.

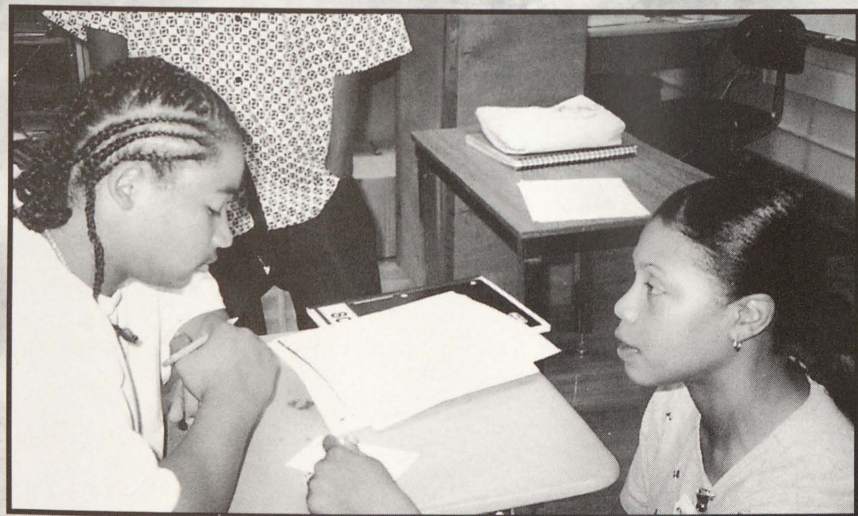

Electives

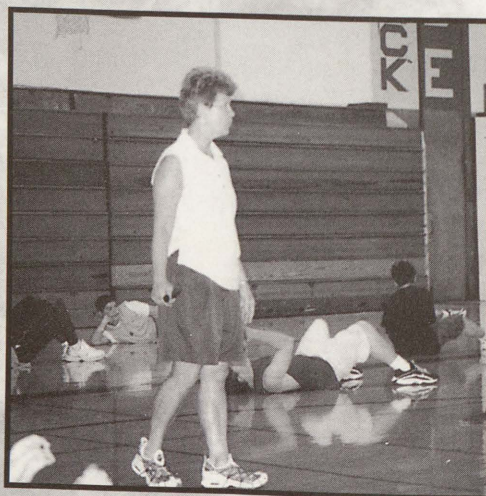

Above: Joe Piel looks very interested in his government.

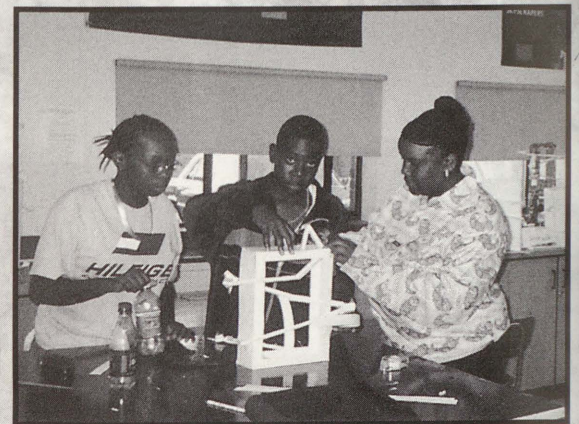

Above: Libby Luxton studies hard in her Psychology book.

Above: Mrs. Dudley helps Anthony Jones with his Health work.

Above: Ms. Teter makes sure that her students keep in shape.

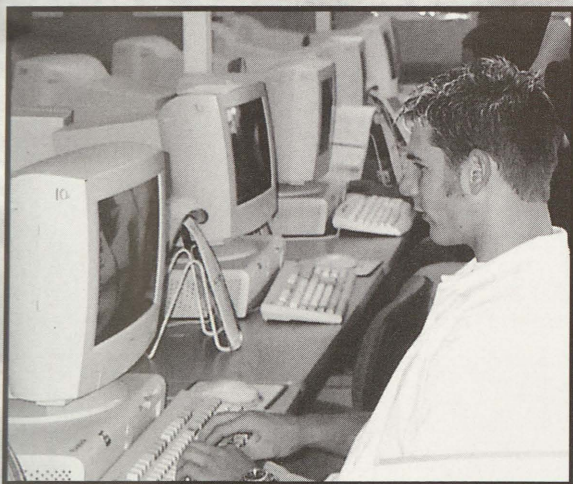

Above: Camesha Huffman, Chris Diggs, and Keshia Richard work hard on their technology project.

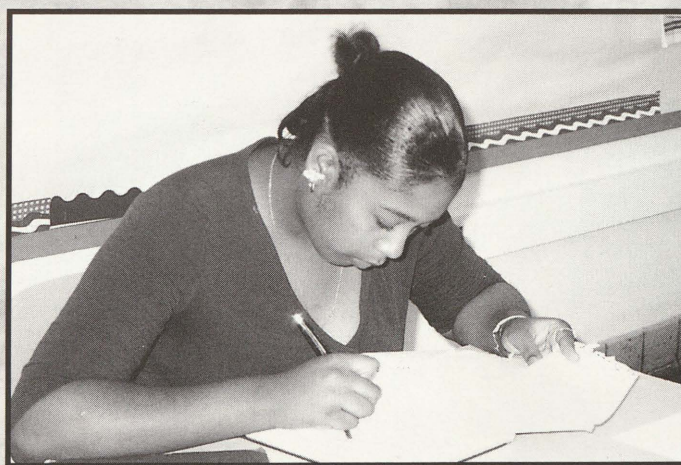

Elective classes give us a break from traditional classes...

The elective classes give us an opportunity to explore other subjects beyond the traditional classes we are provided at Arthur Hill. A few of the elective classes offered include Psychology, Sociology, Accounting, Spanish, French, Public Speaking, Government, Economics, and Arts and Crafts. Through these classes students have learned different skills such as foreign languages. They can use these skills to explore cultures around the world. When asked about his elective classes Dane Schmidt replied, "My government class is awesome!" I believe that the whole student body feels that way about their elective classes as well.

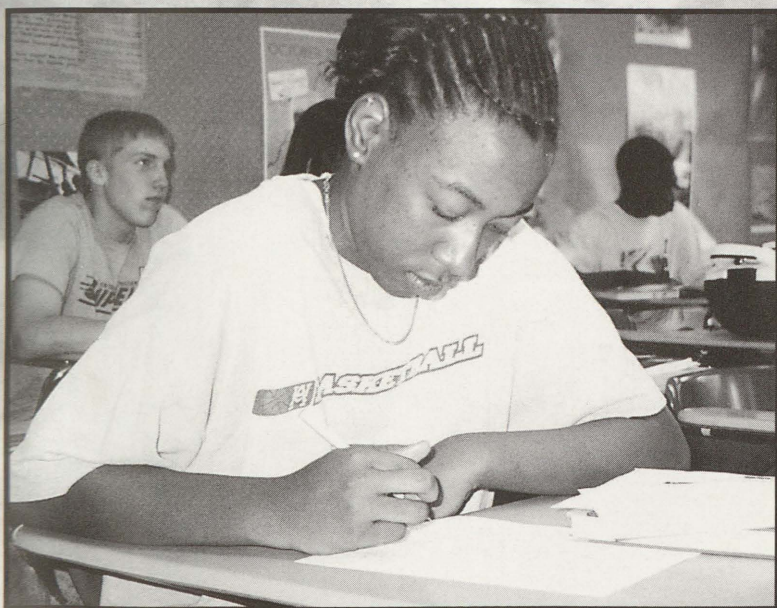

- Trina Flores

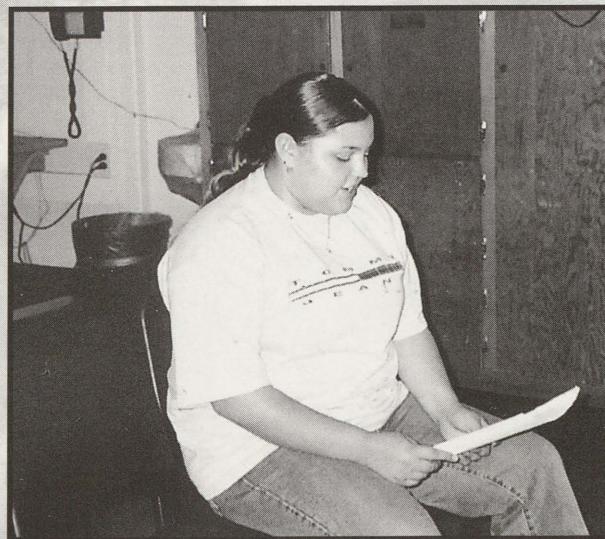

Above: Chris Wager learns new techniques in his computer class.

Above: Diamond Henry is into to her government work.

Above: Lakisha Freeman works hard to finish her psychology.

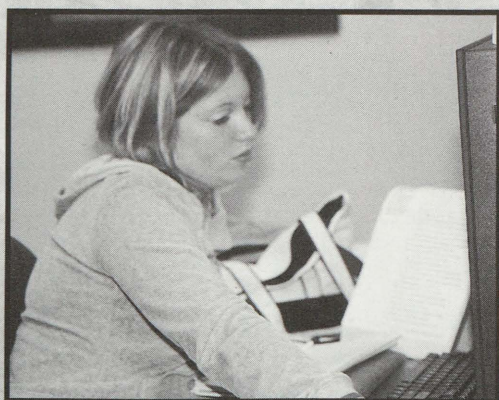

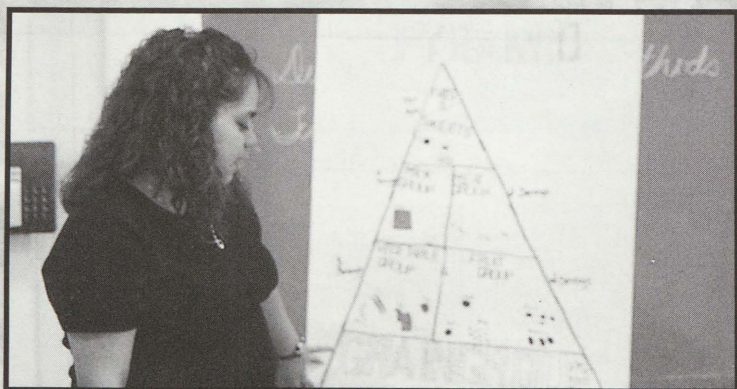

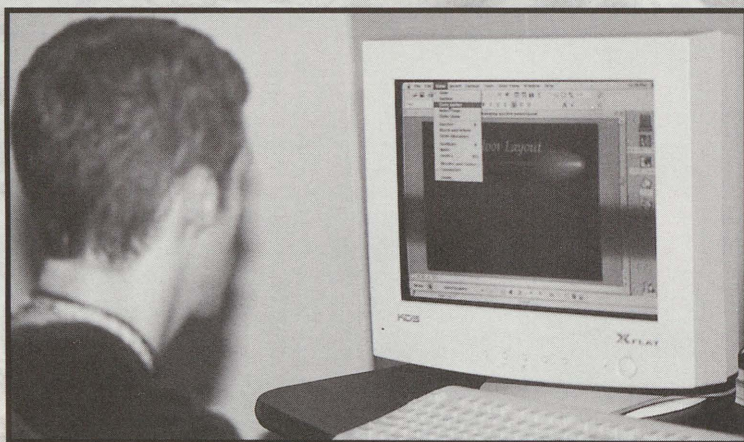

Above: Allyssa Pena works on her singing.

Saginaw Career Complex

The Saginaw Career Complex is a place where students from Arthur Hill High School and students from all around the county have the opportunity to get a head start on their career. The complex has many courses including Arts and Communication, Business Service Technology, Education and Human Resources, Environmental Technologies, Health Services, and finally Engineering Systems. There are two sessions to the Saginaw Career Complex. First session starts at 7:05 a.m. and goes until 10:05 a.m., and second session is from 11:35 a.m. until 2:35 P.M.. Students have the chance to either go to first session or second session, but most students choose first session because they get done faster, and they do not have to worry about the half days that we have.

SASA Offers Options for Lumberjacks

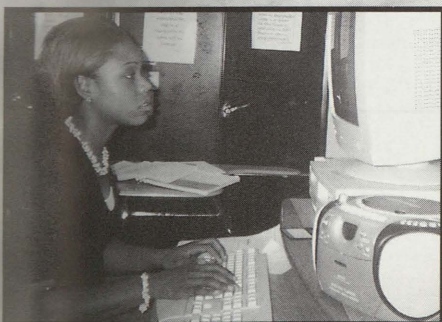

SASA. What is S.A.S.A.? It is the Saginaw Arts and Sciences Academy. Formally, known as the Center for the Arts and Sciences, SASA now offers a full day option for 6th through 12th graders. Our Arthur Hill students have the option of the half day schedule. Their choices include Global Studies, Language Arts, Math/Science, Voice Keyboard, Theater, Dance, 2-D and 3-D Visual Arts.

SASA allows students to explore their interests and expand their intellectual persona. It lays the foundation for the future success of Arthur Hill Lumberjacks.

~by Nida Husain

Far Left: Theatre students practice for the big show.

New and Old Administrators Work With Board to Improve the Hill

Mr. Paine

Walking the halls of Arthur Hill this year has been like no other. Along with all the new students' faces, we've seen an addition of two new administrators; Mr. Westbrook and Mrs. Nash. The entire administration has done a

Mrs. Perez

fantastic job in keeping our school safe and making both old and new Hillites feel like they're at home.

Mr. Dawkins is in his sophomore year as superintendent. He and the rest of the school

Mr. Westbrook

board have done a marvelous job moving our school in the right direction.

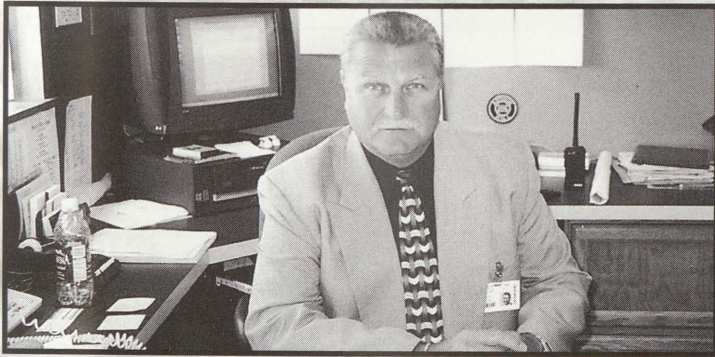

This year there seemed to have been a major emphasis on safety here at the Hill. With the addition of new campus security, time was taken to crack down on skip-

ping, fighting, and insubordination.

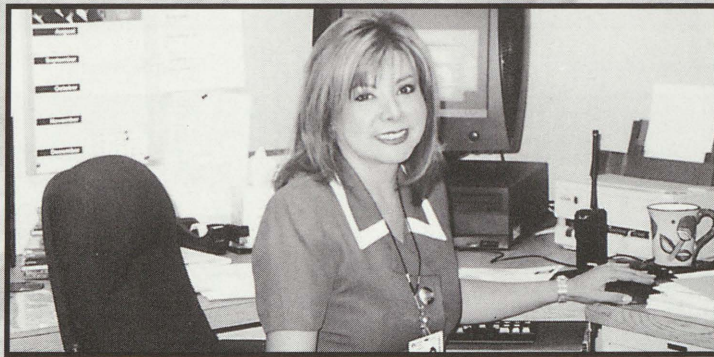

Everyone here at Arthur Hill appreciates the efforts and troubles they go through just for us.

~ Jill Snodgrass and Abby Barlow ~

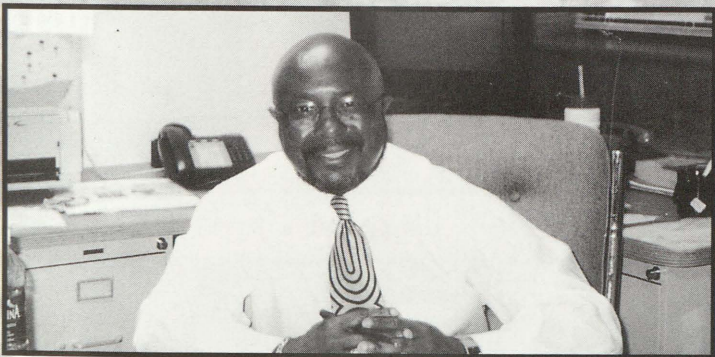

Principal John Paine takes time away from a busy desk to smile for the camera.

10th grader Melissa Greif stated, "Mr. Paine is a good principal. He has made my sophomore year enjoyable. I really liked how he has improved the school."

Assistant Principal Mrs. Mercedes Perez is busy making plans for the upcoming year.

"She always seems willing to help. I appreciate just how open minded she can be. It's nice having someone that's willing to listen," junior Brent Keaner said of Mrs. Perez.

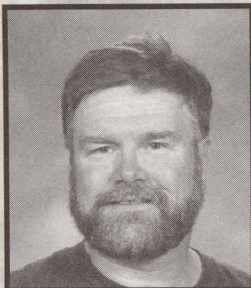

Assistant Principal Mr. Jimmie Westbrook pauses briefly to pose for the camera.

"Mr. Westbrook is a great addition to Arthur Hill. He is obviously very interested in the advancement of all students and that's something we need here at the Hill," senior Carita Wilson said.

Assistant Principal Mrs. Janet Nash takes a quick break from a busy office.

Freshman Vanessa Fuller said, "She's very friendly and likes to greet people in the hallway. Mrs. Nash makes new students feel comfortable in their new surroundings."

Teachers Caught in the action of teaching!

Cafeteria Workers

"1 More Lunch Period, 2 Times the Work"

With the new lunch hour for freshman being earlier than years in the past, this means more hard work for the ladies of the cafeteria. Head cafeteria worker, Debbie Damore, explains that with the extra work being put into the lunch hours, there have been no major problems.

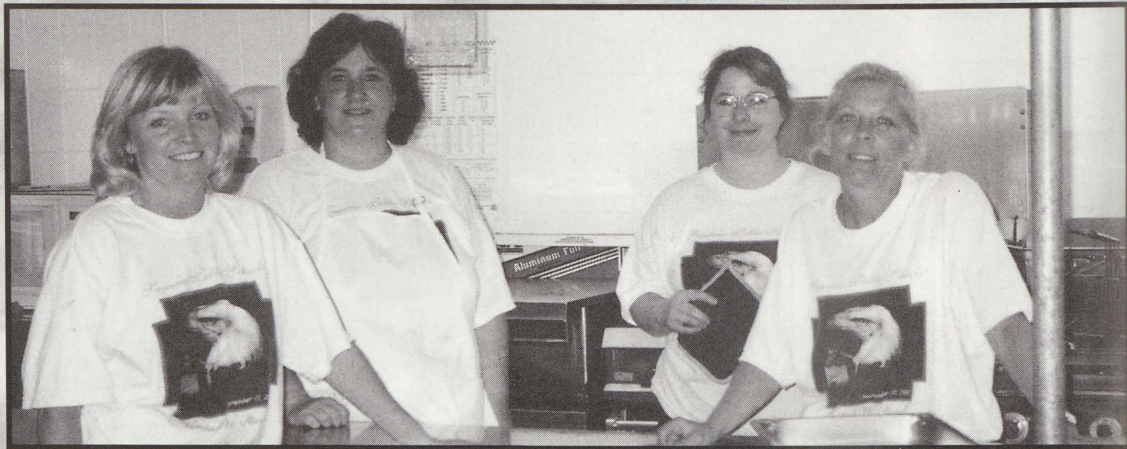

With their wide variety of food, made fresh everyday, the cafeteria workers do their best to make the students happy with their lunch, breakfast, and ten-minute-break snack.

No doubt about it, without our cafeteria workers we would have a lot of starving kids in our school. So next time you're about to take a bite out of one of the delicious meals they made for you, you better say thanks.

"Who Ya Gonna Call? Custodians!"

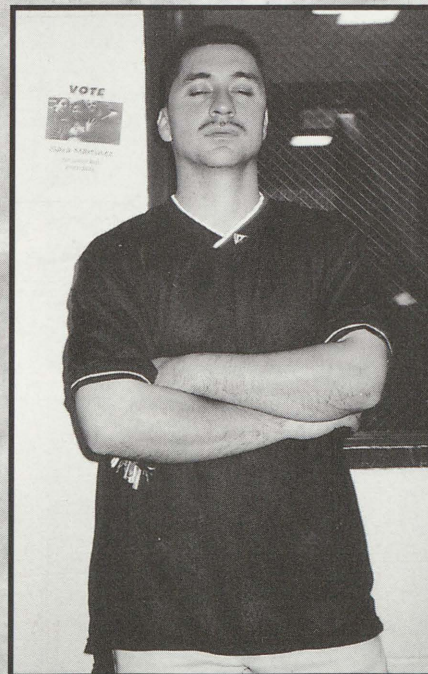

Ever wonder how the halls always seem to appear swept and freshly mopped? Or how the trash bags always get changed in the hall? Or maybe how that pop you tipped over yesterday in the cafeteria got wiped up? It's not your fellow students, nor is it your teachers. It's the hardworking custodians of the Hill.

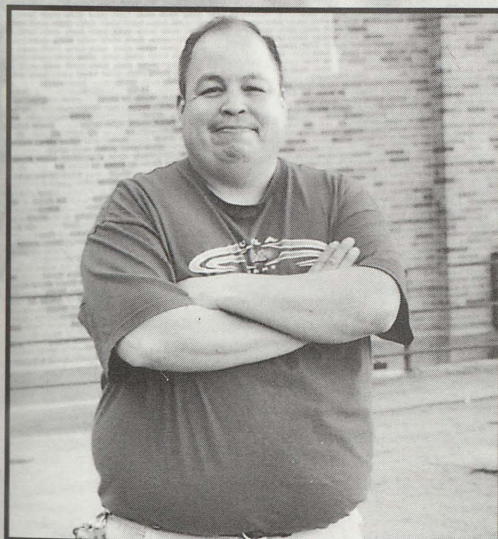

They're here before school, throughout the school day, and well after school gets out. Even throughout the summer they keep our school clean. School dances, games, assemblies, and other activities are cleaned up by the custodians as well.

Maybe we don't let them know that we appreciate their hard work, but we really do.

The Hill's Staff Works Hard to Please

Secretaries, media specialists, counselors and, of course, the paraprofessionals have spent a lot of time trying to keep the school organized and cheerful. As I walk down the hallways of Arthur Hill, I see the smiling faces of the paraprofessionals as they chase down the students daily. Secretaries respond to our questions with a proud answer followed by the forever known smile. Media specialists a.k.a. the librarians love to expand the horizons of the young people, with computers, reference books, and their forever helpful responses to our questions. Finally, the counselors are the students very own "personal" planner. They help the students with schedules and career and personal planning. Overall, I believe the staff at Arthur Hill is doing a fine job.

AHNN provides students with information such as club notes, daily news, special events, and sports results. This is the 9th year of AHNN, and they're still going strong.

"I like all the new people I'm working with, and I really enjoy learning all there is to know about broadcasting. Overall it's a nice experience for me," says junior Sara Martinez, who is new to the AHNN crew.

"I like the speaking experience when I'm on the air. I love the crew, especially my fellow seniors. We have lots of fun working together as one," says senior Jessica Sedlock.

Junior, Karenia Randle who has one more year of AHNN says, "I am going to miss the great crew and the friendships we formed during the past year. I'm going to miss the jokes that we played on each other too."

Another year of great Arthur Hill News

Arthur Hill High School is definitely changing with the times. The year 1989 was the first year that the newspaper staff used computers to complete all their work. Back in '89 the newspaper staff only had three Macintosh SE computers and a laser printer to use.

Since 2001, times have changed again with new iMac Computers, digital cameras, scanners, and printers. Now that the newspaper staff is up on technology, the staff doesn't have to type from three computers, they no longer have to wait for days to get their pictures developed, or wait minutes to hours for their articles to print.

The paper is eight pages with a special twelve page edition at the end of each semester. The Township Times graciously prints the newspaper. Our paper is delivered free during 4th hour classes to faculty and students.

"I've gotten familiar with journalism. I've grown to enjoy it; it has improved my writing ability and expanded my writing techniques," says senior Steve Duby.

Senior Robbie Pieschke says, "Being on the newspaper staff at school gives me a real life perspective on how a real newspaper staff works."

A New Yearbook, A New Advisor

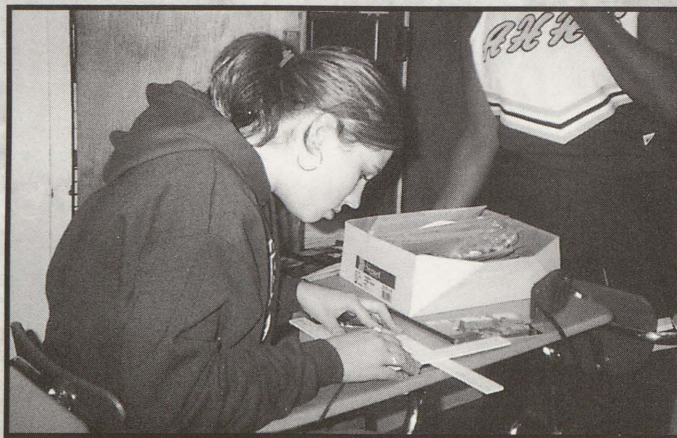

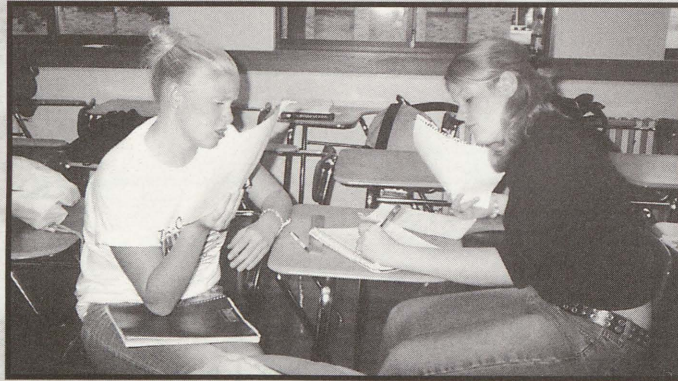

This year the Legenda staff had to overcome many changes. Under new management, the staff was allowed to try new, more reliable approaches. Advisor Susan Ryan, the editors, and staff hope that their vigors will be appreciated. "We hope our efforts will pay off," said editor Katy Hemingway.

The yearbook staff is chosen from a pool of students who submit applications the previous year. Staff members must be juniors or seniors. Staff member Christin Leitz says, "The Legenda staff needs people who are willing to go that extra mile."

So, the next time you see a member of the yearbook staff, be sure to thank them; for, without them, there would be no yearbook.

Bringing the Hill Together

The student council works hard all year long by having fun spirit days, hosting dances, sponsoring food drives, and recycling every Friday all of these efforts are to bring back the almighty Lumberjack Pride. This year the blood drive was a success. The Hillites pulled together to go above and beyond expectations.

Student council has six people representing each grade, with the addition of the president, vice president, secretary, and treasurer. With the help of Ms. Canel, student council is run in an orderly fashion. Student Council President Andrea LaPan said, "It is a pleasure to always be helping out our high school and the community around us. It is great to be part of the Lumberjack family."

Educating The Society = Y.E.S. Club

The Y.E.S. Club is an outstanding group within our school. The club supplies students with the materials they need to succeed in life as an educator. The Y.E.S. Club also works together to help the community with educational purposes. Dane Schmidt, the Y.E.S. Club President, stated that, "The Y.E.S. Club provides many opportunities for young adults who see themselves succeeding in the educational field. This club gives them an idea of what it is like to be an educator and to see if they want to pursue a career in education. Whoop, Whoop, SENIORS." The Y.E.S. Club does a considerable amount of service hours to reach their goal by the end of the year. The club also goes to many different places throughout the year to show off their stuff. The last hoorah of the year is the Y.E.S. Clubs convention in the spring. This year the convention is being held at Central Michigan. Overall, if you plan on being a teacher or an educator, the Y.E.S. Club should be a part of your high school experience.

"Acting Up"

The Drama Club led by Mrs. Linda Rebney set their year off with a bang. They got involved early this year when they participated in the homecoming parade. They dressed themselves up as clowns and joined the celebration.

Later on in the year, the club once again put on a very great Christmas play called, "The Day Christmas Disappeared From Evergreen Town." They even put on the play called, "Santa and the Wicked Wazoo." for Peace Lutheran's Elementary School who loved it.

The Drama Club ended the year with a Spring play called, "Hide and Shriek", and that was excellent. Overall, the Drama Club had a great year. They haven't had this many students participate in the club in years. Mrs. Rebney said, "I'm pleased with the number of people that we had this year, and the year that we've had."

Meet our Foreign Exchange

Jennifer Wendland

Arthur Hill had the privilege of having one exchange student this year. Meet our exchange student all the way from Ruhrgebict, Germany Jennifer Wendland. She is from the western part of Germany half an hour from the Netherlands and a hour and half away from France. Jennifer came to the United States for a different experience, to be in a different country and to learn a new language.

Jennifer's favorite hobby is swimming. Here at Arthur Hill she is part of the swimming team, and she won most valuable swimmer in the Valley Championship and also won the team's most valuable swimmer award.

When asked what she liked most about Arthur Hill, she said, "Culture diversity, I love it a lot!" Jennifer Wendland is a senior here at Arthur Hill. After graduating, she plans on returning back to Germany for two years and then transferring to a university to possibly become a psychologist. She said that Arthur Hill is a new and great experience for her.

Enjoying the Great Outdoors

The Outdoor Club gives students here at Arthur Hill a chance to enjoy the beautiful outdoors. The Outdoor Club is a group of boys and girls who love the challenge of the outdoors. In the club they hike, backpack, canoe, rock climb, bike, ski, snowboard, and even shop all over Michigan, the U.S., and Canada too! They travel in all kinds of weather: hot, cold, rain, or snow. The object of this club is to be outside and have fun. The club has equipment for all activities; so experienced or novice everyone is welcome! Join the club and take the outdoor challenge!

Choir Sings Their Heart Out

It takes a lot of talent to sing in front of a big crowd. The choir actually knows what it takes to sing. It takes a lot of practice and listening to get the right singing key. Members of the choir have done many activities this year like performing at many nursing homes, Senior Centers, and community groups. "Choir gives you the chance to express yourself through music, and you have a great time singing with a group of nice people," says Christin Delgado. "Over the years that I have been in choir the memories keep on getting better and better," says Robin Pena. "I have been in choir for seven years. Each year the choir gets new people, and it gets more fun. I love how I get to express myself through music with so many wonderful people and so many songs," says Andrew Kelsey.

The Arthur Hill Marching Band-- Keeping the Rhythm of School Pride Alive

-- Erinna McKissick

Even under new management the Arthur Hill Marching Band has continued to make strides in the year 2002. This year the band is under the direction of Mr. Andrew Wendt. The band has been busy from the beginning with the September 11th commemoration and with Homecoming. They also participated in the 50th Year Alumni Celebration at the Germania Conference Center. For some people the challenge of having to adapt to the rapidly approaching activities would have been too great, but not for Arthur Hill's band. The band had previously been consistently and diligently working over the summer to maintain and improve their skills, and therefore, were more than prepared when this year's school events began so early. Their upbeat expressions and heartwarming enthusiasm are always an inspiration, whether they're performing for the Christmas and Spring concerts or simply playing for a football game. The Flag girls are a vital part of the marching band. They provide visual stimulation that demands your attention and engages your senses. As a duo, the marching band and flag girls are unstoppable.

Drumline

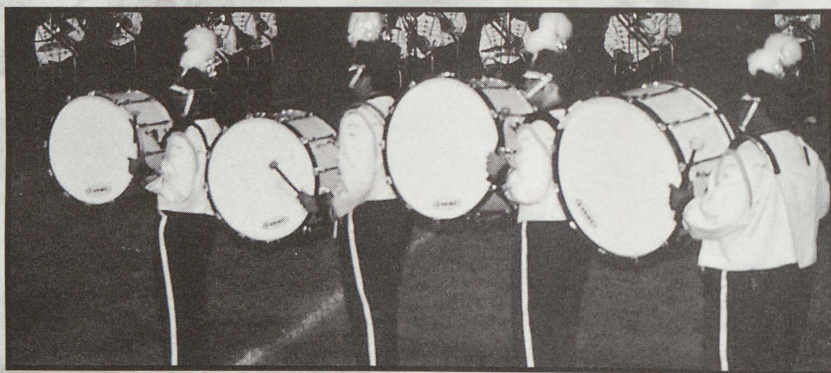

"Drumline, Keep'n it in the Rythm"

"We plan on regaining our world title..."

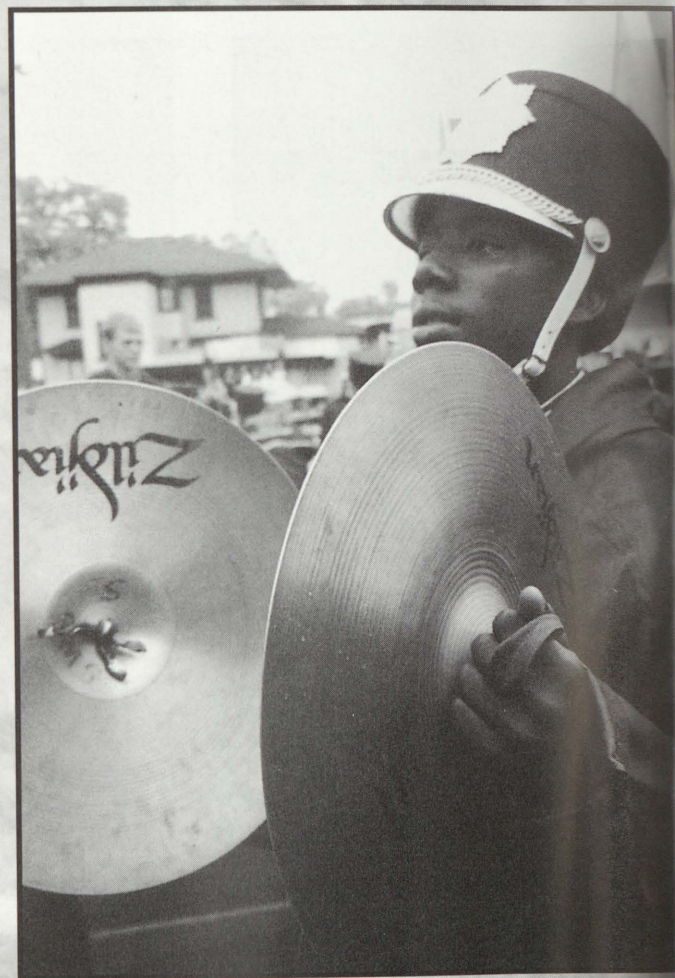

The Arthur Hill Drumline is starting this year off with a clean slate. With a new band director, Mr. Andrew Wendt, keeping them in order, and Mr. Rich Hogan returning as the drumline's director, the band plans to have an impressive year and plans to regain their world title won in 2001. The lineup is led by talented seniors and even three former A.H. drummers, Jacob Johnson, Mike Baker, and Drew Parent, who are returning as assistant instructors to Mr. Hogan. The drumline is dedicated and puts in many grueling hours of practice during and after school to make the best possible performance. Through all of this, the Arthur Hill Drumline plans on making this season a strong, creative, and show-stopping one.

The band can also be heard playing at local places and events. With a strong love for music in each student, a new band director by the name of Mr. Andrew Wendt, and tons of talent, we're sure to see the jazz band staying strong for years to come.

Back in the 70's and 80's very few African American students held leadership positions throughout the school. The Black Studies Club offered opportunity for those students to develop leadership skills and to learn more about their background. Now in today's society the BSC is not only a place where African American students develop their skills, but now it's a club where minorities can come together to learn more about different African activities as well as their history.

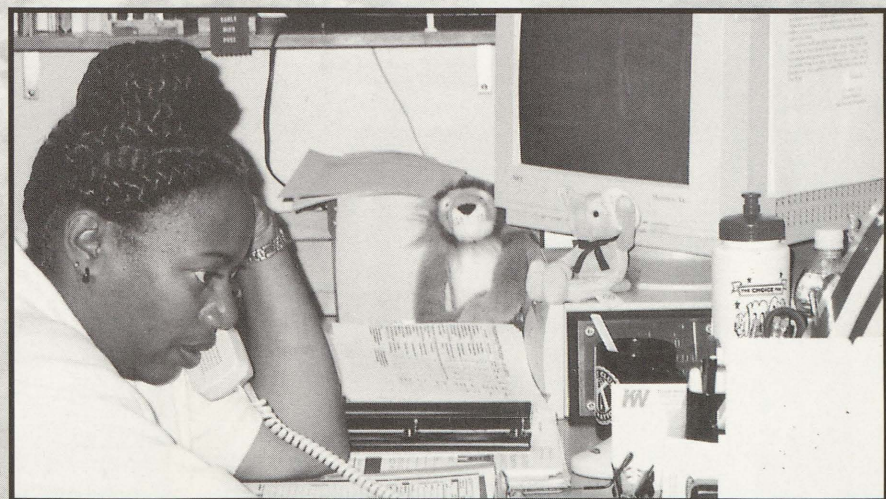

The BSC promotes history and its culture. The club was involved in many activities in December 2002. They organized and put together a Celebration Kwanza dinner for friends, family, and the community. In January the club contributed in the Martin Luther King Jr. Celebration. In February the BSC put hard work into the Black History Assembly. There were several more activities the members of the BSC participated in. Mrs. Coleman, advisor for the BSC has worked hard to put the club together.

"I would like to give students an understanding that the BSC is a diverse club. I would like to have several different fundraisers to make money so that we can visit black colleges for any students that want to go," says Mrs. Coleman, advisor of the BSC. We thank Mrs. Coleman for another great year!

Peer Mediation

Peer Mediation Works On Relationships

Since 1994, when the first freshmen came over from junior high school to high school, there has been peer mediation. It was started by Mr. Shinaver, a literature teacher here at Arthur Hill. The students in peer mediation learned how to handle relationships with people better. The Peer 1 students get into the class as an elective. Peer 2 and 3 students are then selected from Peer 1 students. Peer Mediation is a program where students are trained to learn to listen and ask the right questions. It is also a process where the students identify and develop solutions to conflicts that happen during or outside the school. This is what Mr. Shinaver had to say about Peer Mediation. "It's a program where everyone who goes through the program benefits even if they do not become peer counselors." Peer Mediation is a great program. It is private so if you have a problem and go to them, they will not talk about it outside of class. And if there is a problem that needs special care because it may harm someone, they will get the appropriate professional assistance. I don't know about anyone else, but I'm glad that there is a program like this to help people out when they need help.

Step Club Keeps The Stepp'n Coming

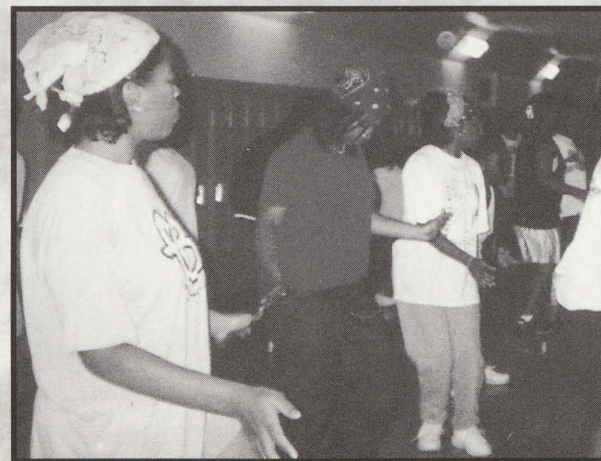

Have you ever heard the stomping of feet or the clapping of hands? If you have, then you were probably hearing the Step Club at work. The Step Club uses their bodies as an instrument. Step is a form of rhythm movement done with your body, mainly with your hands and feet. They also use music to help them carry along a beat. When they perform, it looks good because of the mixing of stepping and dancing with the beats of the songs. This form of step originated with the sororities and fraternities of colleges. The Step Club has been here at Arthur Hill since 1995, when the advisor, Ms. Sharon Coleman first came here. Both males and females can be on the Step Club. Ms. Coleman said, "the only requirement is that you come to rehearsals and meetings." There hasn't been many males to try out, but they are welcome to come and join. Besides performing at Arthur Hill, in previous years they have performed in the Pride Parade and the Just Say No Parade, they have done demonstrations at middle and elementary schools, and they have performed in step shows. Keep on stepp'n and keep the tradition going Step Club.

KEY Club/SADD Helps The Community

There are many clubs here at AHHS that are advised by Ms. Sharon Coleman, and KEY Club/SADD Chapter is one of many. The KEY Club, which stands for Kiwanis Educating You has done a lot to help the community. The KEY Club and SADD Chapter (Students Against Destructive Decisions) have done many activities including the Special Olympics, Death Day, Red Ribbon Week, and they have collected can tabs and Campbell labels for the Motts Childrens Hospital. The KEY Club has been active for four years, and the SADD Chapter has been active for 10 years. Ms. Coleman had this to say, "We would love for more students to join us." So if you would like to be involved in a group that's all about helping people, then you should get involved with KEY Club/SADD.

Honoring Our Teachers

Above: Ms. Canel smiles pretty outside her classroom.

Ms. Kathy Canel started her career at Saginaw High School. She was then transferred to Arthur Hill. When the school district initiated the racial balance of staff members, she was transferred to Central Junior High School. After three years, she was transferred back to Saginaw High because the teacher there was not vocationally certified. When the freshmen moved to the high school arena in 1993, she was transferred back to Arthur Hill.

Ms. Canel will miss the students and all the staff members the most.

Ms. Canel has taught Life Management Education courses, such as Family Living and Life Skills.

When we asked her how she will spend her retirement she said, "I will spoil my granddaughter, who will be born in late April. I will travel and teach a couple of Career Development Classes for the Midland, Bay, Arenac and Saginaw County Consortium."

She would just like to say to her colleagues that retirement is a personal decision- don't retire just because you qualify for it due to age or years of service. Develop your retirement plans based on your own situation. Buy years of service and invest your money wisely whether it be in real estate, bonds, Roth IRA or whatever investments you select.

Ms. Canel has had way too many memorable moments to pick out just one.

In June of this year, Ms. Canel will have completed 37.5 years as a teacher in Saginaw.

~ Emily R. Luxton and Dane M. Schmidt

Ms. Valerie Stamper has taught at several schools in our area. She has taught five years at South Middle School, two years of elementary physical education, seventeen years at Central Middle School, three years at North Middle School, three years at Arthur Hill, half of a year at Saginaw High, and half of a year at the Millet Learning Center.

Ms. Stamper will miss her beloved students most of all.

Ms. Stamper has mostly taught students Health Education during her years of service.

When we asked her how she will spend her retirement she said, "I'm just going to play all the time."

She has had many memorable moments but there were too many to name some of the best.

Ms. Stamper wants to say to her colleagues, "Good luck, and I will miss you."

Ms. Stamper has taught for 31 years in the Saginaw Public School District.

Right: Ms. Stamper poses with her buddy, Sponge Bob.

Retirees

Ms. Hurdle has devoted the last thirty-three years of her life to the Saginaw Public Schol System. She taught at Webber for one year, then North for 22 years, and finally at Arthur Hill for the last ten years.

When asked what she will miss most about teaching when she retires she replied, "Students and staff."

Ms. Hurdle has taught the following subjects during her teaching career: U.S. History, World History, and Spanish. She said that she will be spending her retirement relaxing. She added that she will not be getting up at 6:00 a.m. and that she will catch up on things that she didn't have time to do before, like "decorating her house and traveling."

Her most memorable moment while teaching was seeing the September 11th event live. An equally memorable event to Ms. Hurdle was the "Challenger" blowing up, which occurred while she was teaching at North.

Her advice to her fellow colleagues is as follows, "'Hang in there, and don't forget to have fun.'"

Ms. Hurdle will be bundling up all of the heartwarming memories that she has garnered over the last thirty-three years and heading into foreign territory---a land of no obligations, otherwise known as retirement. The Arhur Hill student body and staff would like to take a moment to salute an outstanding woman, who dedicated her entire life to such a noble cause---teaching Saginaw's children. In June of this year we will be saying good-bye to definitely one of the most dynamic teachers in the Saginaw Public School District.

~Erinna R. McKissick and Amy O'Neil

Above: Ms. Hurdle doing what she does best.

According to Ms. Smith, her rewarding and genuine commitment to education began in 1966 in the Detroit area. She eventually moved to Saginaw where she taught first at St. Mary's in 1968 and then in the Saginaw Public schools from 1969 to present.

The thing that Ms. Smith will miss most after retiring in early June of this year is teaching. She began her teaching career by teaching French, but since 1975 she has been a devoted English teacher.

When asked how she will be spending her time after retirement she replied, "Writing and Social Activism."

The most memorable experience of her teaching career was receiving an Excellence in Teaching Award in 1993. Ms. Smith says that the award was completely unexpected.

She then went on to say that the most satisfying part of her job is :

- #1. the experience of seeing that "Aha" moment when a kid understands.
- #2. Hearing what an impact my class had from hundreds of kids who have graduated.

Arthur Hill will be saying good-bye to yet another exquisite teacher come this June.

Good luck in the next stage of your life and thanks for the impact that you have had in ours. You are much loved.

~Erinna R. McKissick and Trina Flores

Below: Ms. Smith's love for teaching is most apparent when she's doing exactly that.

Good Luck Mrs. Bosco & Ms. Deford !!!

Mrs. C.K. Bosco has been teaching for twenty-seven years. She has been here at Arthur Hill for seven years teaching sophomore and senior mathematics. Her fondest memories of Arthur Hill include teaching seniors Integrated Calculus and helping them find colleges that they might want to attend. She always is encouraging students to apply for scholarships to the school of their choice.

Mrs. Bosco will miss meeting new people year after year and watching them grow. When this school year comes to a close, Mrs. Bosco plans to travel with her husband, who once taught math here at Arthur Hill. She wants to play the piano, continue with her sewing projects, and spend more time with her grandchildren.

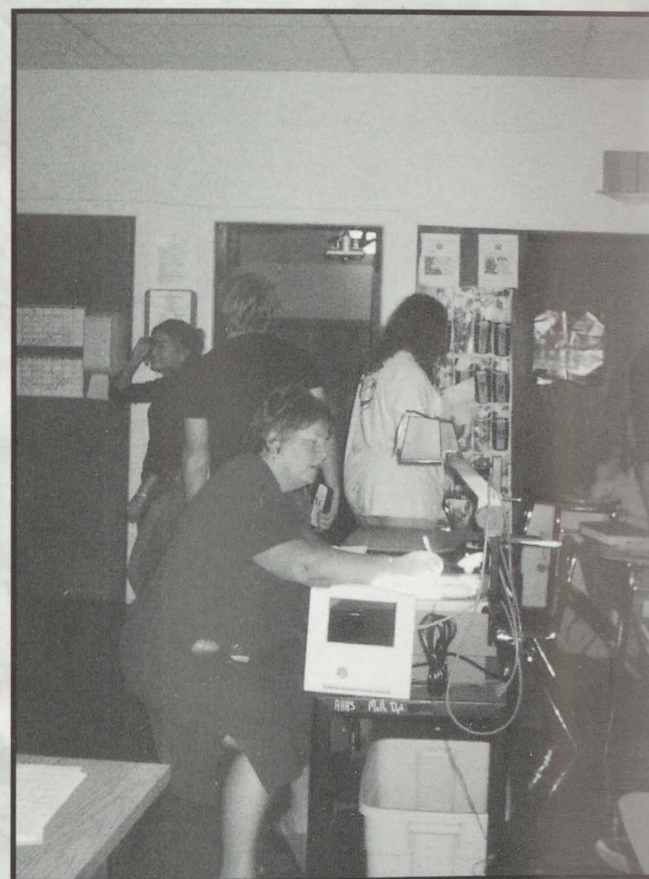

Good luck in all that you do Mrs. Bosco, and you truly will be missed.

~ Dane M. Schmidt

Above: Mrs. Bosco helps Daniel Charbeneau with his homework.

Above Right: Mrs. Bosco shows her students the right method to solving problems on the overhead.

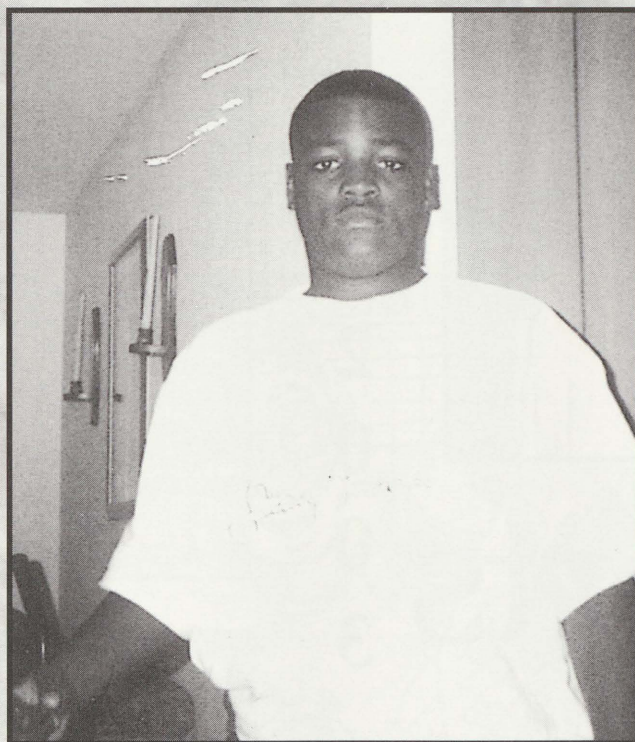

Bottom Right: Ms. Deford poses for the camera.

Ms. Jo Ann Deford has been teaching here at Arthur Hill for 32 years. During her time here, she has taught a variety of foreign languages. They include French, Spanish, and German. She taught all four levels of these languages.

Ms. Deford will miss her students most of all, or as her students would say, "critters." After her departure, Ms. Deford wants to spend some time in France and have all the time in the world for her dog, Ricki Noel.

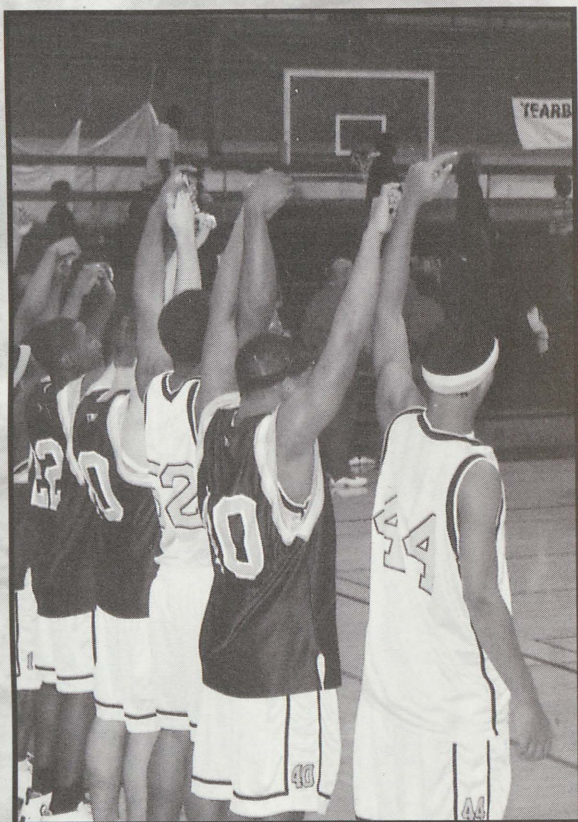

In Loving Memory...

Tough Times: Jacks Still Work Hard

A 3-6 record didn't reflect the effort and the close games the Varsity Football team had this year. "The fact that we did not have a winning season is disappointing. The fact that the players continued to work as a team made me very proud," Coach Jim Jones said. With a couple of breaks the Lumberjacks could've had an entirely different season. "There were no games out of reach," said captain Joe Piel.

The players were especially proud of their game against arch-rival Saginaw High. Horrible weather conditions turned the field into mud. However, that didn't stop the Jacks from playing a fantastic game. On a drive in the first half, Justin Foster carried the Lumberjacks inside the ten yard line. Defense did a marvelous job stopping the Trojans, holding them off from scoring until only thirty-six seconds remained in the first half.

Next year the team will regroup and rebuild. They are losing fourteen seniors, half of whom are two year starters. However, there will be eight returning starters on offense. So everyone look out next year and come cheer on the Varsity Football team.

Freshmen Football Players Livin' It

This year's Freshman class was definitely out to prove something. Their goal was not necessarily to show that they were the most skilled Freshmen football team, but that they were the most dedicated group of 9th graders ever to step onto the football field, and they did. Under the guidance of Head Coach Dan Decuf, two assistant coaches, and exuberant team captains, the team was led diligently and proudly to a glorious season. The team practiced vigorously everyday and gave 110% in every game. The Freshmen coaches expect great things from this unique group of athletes, who are determined to proudly represent their class at the Hill, and eventually dominate the football field.

Varsity Boys Soccer

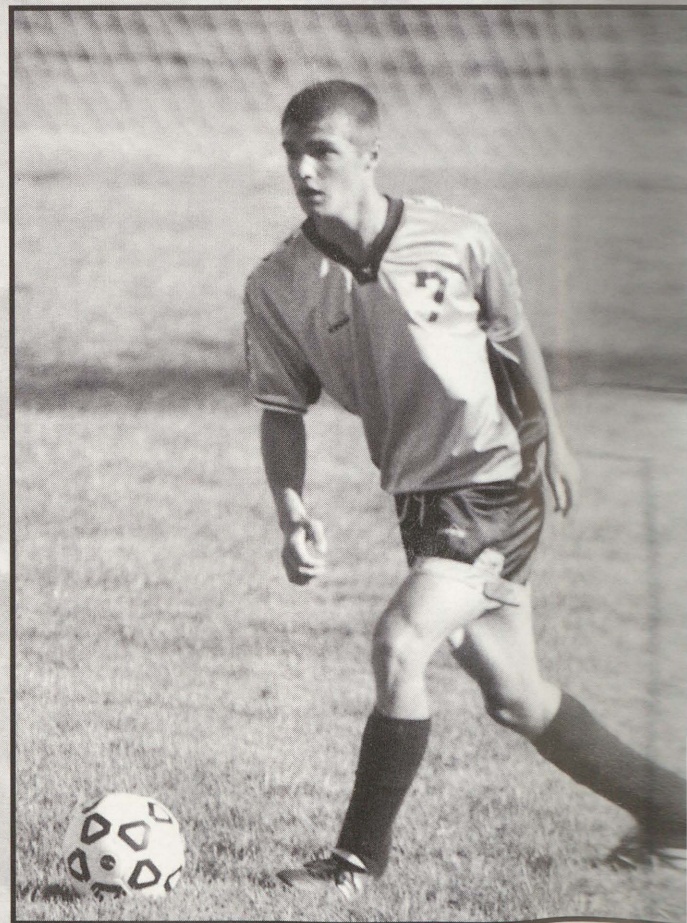

"Tiki Tocki! Tiki Tocki! Hard Kicking Guys!"

This year, the Boys Varsity Soccer team had an up-and-down season. The team was made up of many returning seniors who helped lead them. With no J.V. Soccer team this year, there was more talent to choose from. This brought more hard working players to the field, thus forming one great team. The guys may feel that they didn't live up to their expectations for the season; however, they did show true dedication and a great amount of team work. Overall, their season was filled with lots of laughter, a few wins, some losses, and a lot of very strong, positive guys. Lumberjacks definitely have a lot to look forward to in the upcoming years for the Arthur Hill Boys Varsity Soccer team.

Golf Team says, "Fore!!"

Mr. Dennis Foster has been the Varsity Golf coach for the past three years here at Arthur Hill. Mr. Foster said, "This year we had a very young team that was inexperienced but hard working. Next year we will have an experienced team that will hopefully capture us more wins."

Aaron Chipp, the team captain, stated, "We had a rough start at the beginning of the season, but we improved as the season continued. The team was full of young talent and they will continue to get better as the next season approaches," noted Chipp.

The team's overall record this season was 2-12. Even though their record is not pretty to look at, both the coach and team captain feel that the team will improve next year and will get a better record next season.

JV Cheerleaders Show Their Lumberjack Pride

JV Cheerleading

The JV Cheerleaders keep the crowds hype all year long. During the sports seasons they are busy fundraising for new uniforms and cheering at all the games. Varsity Cheerleaders Keep The Hill Hype!

Throughout the year the cheerleaders keep everyone happy at the games and pep assemblies. The girls are always busy practicing new cheers and hanging banners and signs all to promote school spirit.

This year the girls attended a workshop at SVSU where they worked on their stunning techniques.

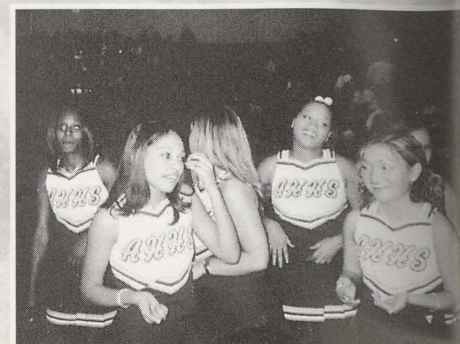

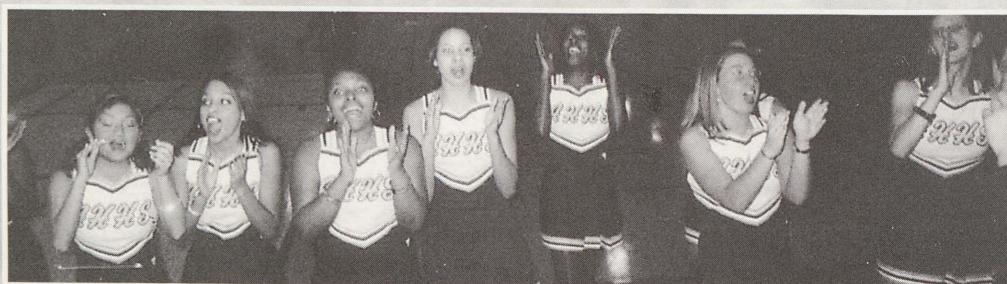

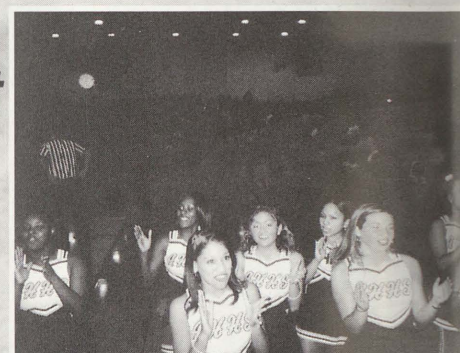

During the school year the cheerleaders are out fund-raising. They sold cookie dough to help for the purchase of new uniforms and warm-ups. So for anyone who ever said cheerleading isn't a sport, they are wrong. These girls work hard all year long promoting the lumberjack pride and getting people hype.

Varsity Pom-Pon

Another Year and Still Keeping It Hype

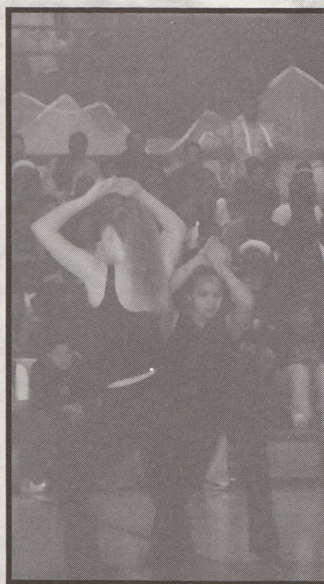

The Varsity Pom-Pon Squad bears the burden of expectation from the entire student body of creating an atmosphere of school spirit and excitement. It can honestly be said that they have definitely given us another year of style, slamming dance moves, and a lot of hype performances. The squad is anxiously awaiting competition, which is scheduled for late February. They are confident that they will place this year, just as they have in the past, with both the help of their dynamic coach, Tahisha Prichett and a lot of team work. They continue to wow us as they groove us into 2003, leaving behind a trail of expectation for their legacy of "hopeness" to be continued in the months left to come. ---Erinna McKissick

The swimmer's season started off with a splash with many new young swimmers. The new guppies helped their team improve as a whole. The team was lead by senior captains, Katy Hemingway and Mary Leyrer, who provided pep for the team for fundraising and swimming. The captains organized fundraisers such as car washes and working at the Zilwaukee Festival. The girls raised enough money to purchase a new timing system, which helped the school out.

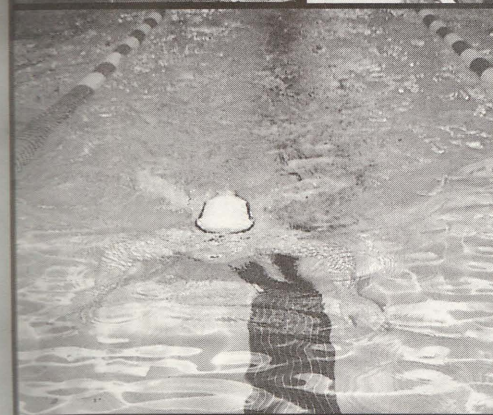

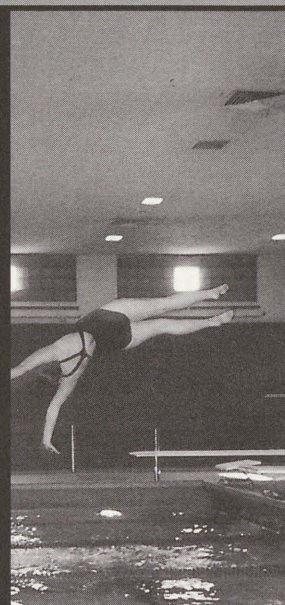

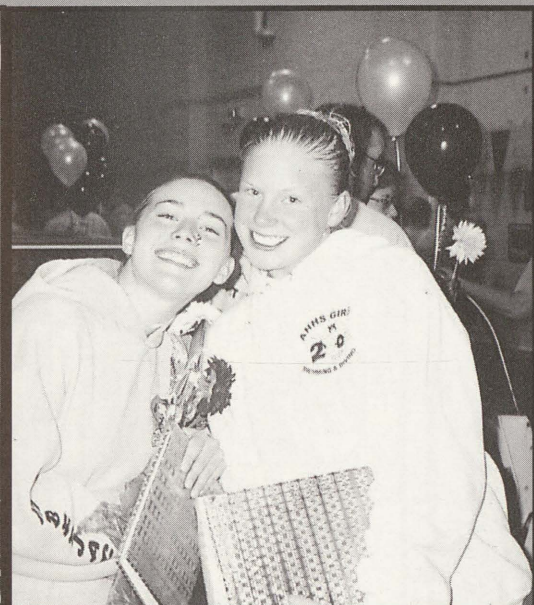

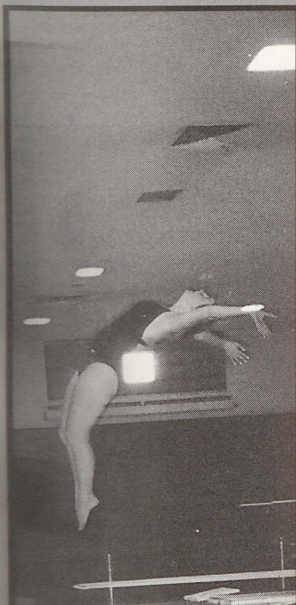

Jenni Wendland our very own foreign exchange student from Germany set many high standards for herself and the team. Jenni set the school recorded for the 100 Yd backstroke and placed in the top 10 in the 200 I.M., but her most outstanding feat was her state qualifying time in the 200 I.M. The team also had many other stars such as Jessica Olson, Katie Sutter, Kasia Ciolek, and diver Anna Baldwin who all placed in valleys.

The team all together pulled through and had an outstanding season even though their record doesn't show it. Even with seniors Ruth Sanford, Anna Baldwin, Mary Leyrer, Katy Hemingway, Carri Temple, and Jenni Wendland leaving the team, they believe the team will have a strong season next year.

Lady Cagers with Another Great Season!

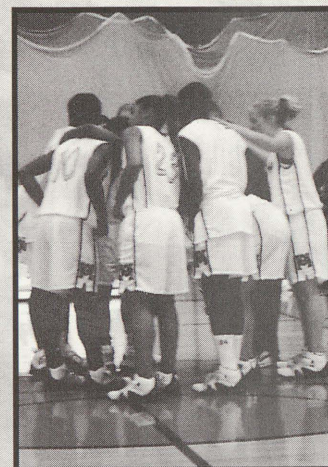

Once again the Girls Basketball team pulled through with another wonderful, exciting season. The addition of key players truly helped give our Lady Jacks a well rounded team. Even though their 17-5 record was filled with ups and downs, in the end the girls not only had a great season, but they also became a tight knit family.

This year the team played a wide variety of teams from all across the state. Coach Vonnie Kilmer was most proud of the team's 59-53 victory against Detroit Country Day. "They were ranked number one in *all* classes in the state. We were their only loss all year."

The whole team had a very hard work ethic. Captain Andrea La Pan was proud that the team, "never stopped trying, never gave into losing, and never accepted 'almost.'" This display of the team's heart can be best exemplified in their first re-match against arch-rival Saginaw High. The team had lost to them in their previous meeting, and this time they were down by 8 points with less than 4 minutes remaining. Everyone stepped up on offense and defense, making both key shots and steals to seal a 44-42 victory.

Next year will be an exciting year. With 7-8 players returning, including the entire starting lineup, the ever-so coveted SVL, District, and State Championships appear to be close.

JV Girls Basketball

Young players adapt to new Coach

This year's JV girls basketball team had an up and down season. At the beginning the girls lost some close games. Some of the best players were injured, but the rest of the girls stuck together and worked hard. As a result the whole team improved

and came on strong at the end. Coach Tanisha Letson says, "I wish to see those players returning next year and playing for me, if not for varsity." Overall it was an okay season; in the future I'm sure the girls will improve and win many more games.

Just Run It!

Cross country... quite possibly one of the most difficult and underestimated sports here at AHHS. The small team, coached by Ernesto Martinez, starts conditioning in early summer and finishes in mid-fall. On an average day, the group runs six miles around Saginaw, up and down steps in the school, over local hills, and then finishes it off with half-mile sprints. This year the team was led by captains Zach Rangel and Miranda Rodriguez along with four other seniors. With plenty of talent and lots of hard work, the 2002-2003 cross country team was definitely a force to be reckoned with!

"Smashing Baby"

The Arthur Hill Girl's Tennis team started out with a rough loss to our rival Heritage, but since that loss the team has thrived pulling their final record to 4-5. Kari Dycewicz and Michelle Clark, the team's captains, brought their team together during hard times. The team also experienced bumps in their travel with only four returning players from the winning team of last season. With all the new players, Coach Dan had to start from scratch by teaching the basics. Nida Husain, first year player expressed her feelings towards the team when saying, "Our team has a lot of young talent, but I believe that if we keep our heads up we will improve." Coach Dan was quoted of saying that, "Our team has many players who could be great as long as they stick with the basics."

Another Exciting Season

Varsity Hoops

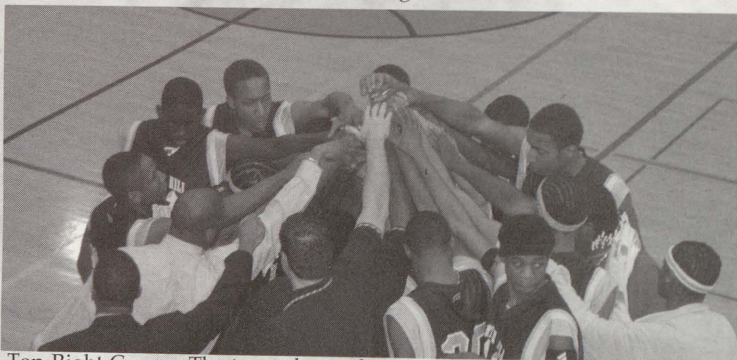

This year our boy's varsity basketball team gave us an enjoyable and exciting season to watch. The sell out games, enthusiastic dunks, and exciting victories against cross-town rivals Saginaw High and Heritage all played part in this year's incredible season.

The Jacks destroyed teams they lost to last season which equaled a great turn around year. Some of the team's leading scorers included Brian Moten i.e. B-Mote, Edward Tucker aka Boomer and Jason Brown bka J-Brown.

One of the team's greatest strengths came from their deep bench which provided boosts towards the end of games to pull off many close victories. Even coaches from other teams were quoted to giving the team their "props." Midland High's coach said, "Their fifth string is just as good as some of the first strings in the valley."

The team is losing five seniors, only one of whom is a consistent starter. Look forward for even a stronger and more aggressive team next season to provide even more excitement.

The boys JV team led by a new coach started off with a bang, winning 11 consecutive games. The team starters consisted of two juniors-Colby Young and Troy Howley and three sophomores-Eddie Ramos, Reggie Smith, and Travontae Payne. They practice daily and work hard to achieve both individual and team goals. Coach Adams was new to

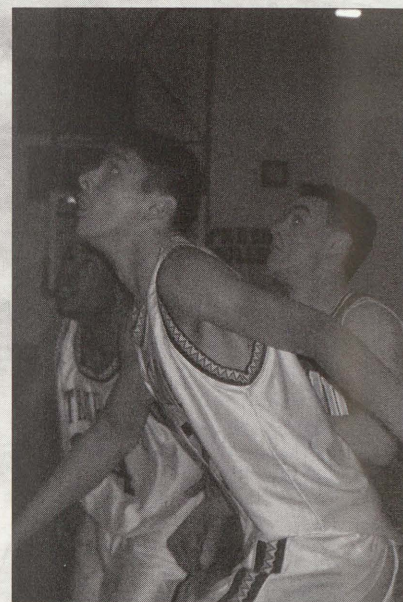

the team and school, making a great first impression of himself. He says, "I enjoyed my first year coaching this young, exciting group of boys. I hope to see many of them returning to the basketball team next year, some playing for me again, and I hope to see the rest on Varsity." The boys hard work has definitely payed off and everyone has seen that.

Quotes From The Captains

Colby Young 2004

"We did a good job this season with 18+ wins. I enjoyed playing with my boys, and I learned a lot from the new coach."

Troy Howley 2004

"This season was very fun and a great experience for me. I think the boys and I gained both individual and team strength."

Hockey Hits Hard

The Arthur Hill Varsity Hockey team experienced a rebuilding season this year. With only three returning seniors, the team depended on young talent. The team was lead by captains Kevin Erskine, a senior and junior Scott Janowiak. Richard Gaunt and Kyle Prinz stepped up as good role models. With a win starting off the season, the guys had many great expectations. Some highlights of the season were

placing 3rd in the Jenison Tournament and tying with the Bay City powerhouse team. Freshman Tony Vlassis came out on the ice with some hard hits and sophomore Eric Beaudin scored some nice goals. Over all, the season was a lot of fun and definitely a learning experience. Scott Janowiak thinks next year, "the team will be more experienced and have more success."

Volleyball Girls Put Some "Stank On It"

Before the season even started it seemed as if things were going to change for Arthur Hill Volleyball. A new head coach with lots of experience and with some leadership from some upperclassmen made the season look promising. With only four returning seniors from last year's team there was a lot of fresh new talent that needed some polishing. The only thing the new volleyball program lacked was varsity experience. The team mainly consisted of juniors who hadn't played on the varsity squad. All in all, the team didn't have a great season, but they have gained a lot of experience and had an enjoyable time doing it.

Varsity Wrestling

The Varsity Wrestlers hit the mats for a great season.

With the captains Lazarus Haynes, Gregory Khonke, Jonathan Mustapha and Raymond Yanez leading the team this year, Varsity Wrestling had a great season. The guys have very strenuous practices. For twenty minutes at the beginning of practice the guys run. After they run the guys catch their breath for about a minute then they get down to business. They do some squatting drills, and after the drills they practice some of their moves. At the end of practice the guys run for another 20 minutes. They have been overlooked in some of their matches, but they don't let that get them down. They still have their fans, like the parents and some students. At districts the guys did good for themselves. Jonathan Mustapha, Gregory Khonke and Raymond Yanez were the three that made it all the way.

About your local community college

Myth No. 2

A degree from Delta isn't as good as a university degree.

Now wait a minute. Whoever started this one must have been absent the day they taught common sense. A degree from Delta College, in many cases, is a step directly into the job market. It means a career with responsibilities and chances for promotion and personal growth. Or, a degree from Delta means leaving us and attending the university of your

choice and graduating with a baccalaureate degree, which can open up a host of possibilities. Remember, attending Delta for two years gives you two years to save money, and that could give you the opportunity to go away to a university without going into debt for the next 10 years. We are the school that wants you to go someplace else, after us! That's the Delta Difference. Remember, it's quality, affordability and personal attention.

SURELY MY DEGREE FROM DELTA MUST QUALIFY ME FOR SOME POSITION IN YOUR ORGANIZATION!!

WELL - THE MEN'S ROOM COULD USE A GOOD SCRUBBING...

Supporting the teachers of today who educate the leaders of tomorrow

SCHOOLS and their employees have a heavy responsibility in our society. Their goals are linked to the future and well-being of our country – to provide our children with the basic knowledge and skills they need in a complicated, high-technology world, to inspire them to become active participants in the democratic way of life, to help them attain their fullest potential, and to make them realize that education is a lifelong quest.

In an age where many raise the cry that education must be our nation's first priority, nothing is more important to America's greatness and hope for the future than universal, tuition-free, quality public education.

SAGINAW CITY TEACHERS . . . helping today so that tomorrow finds this nation and our world a better place to live.

Proud of our Graduate -- Koko

Graduation is a time
For feeling very proud,
For thinking lots of lovely thoughts
And saying them out loud

We are proud because we are a part
Of everything you do.
This time's the time to say how much
Love we have for you.

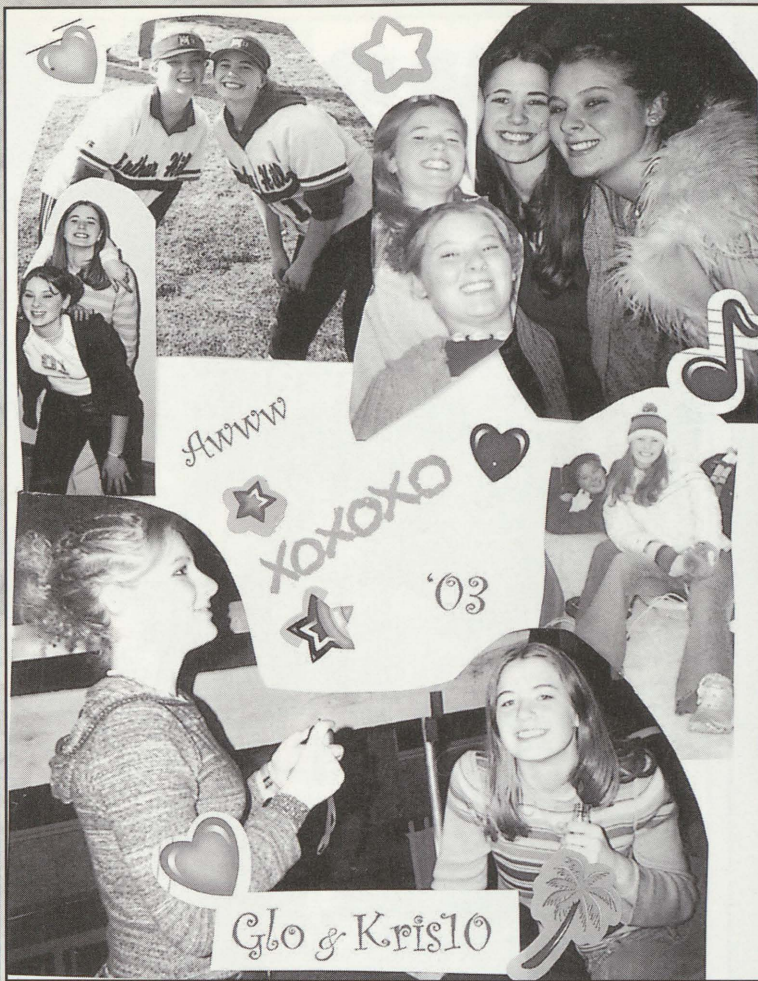

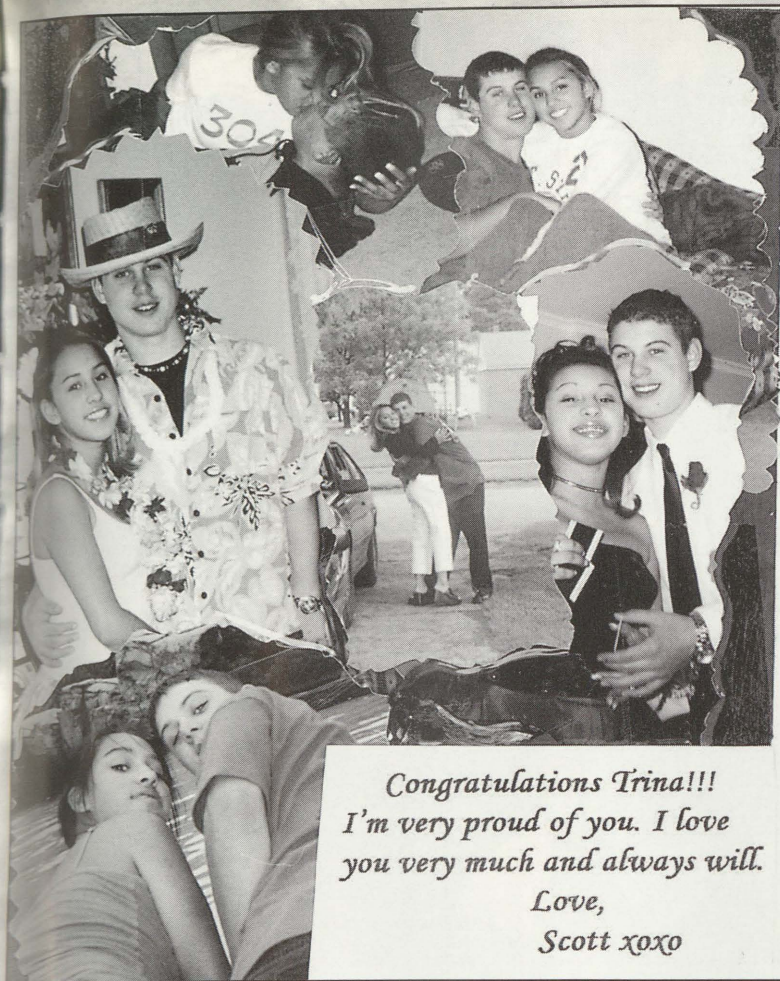

It's a time for feeling love
About to overflow,
And just before it leaps its banks,
To let the loved one know.

And so we are very proud of you
For being who you are,
For making something of yourself,
For making it this far.

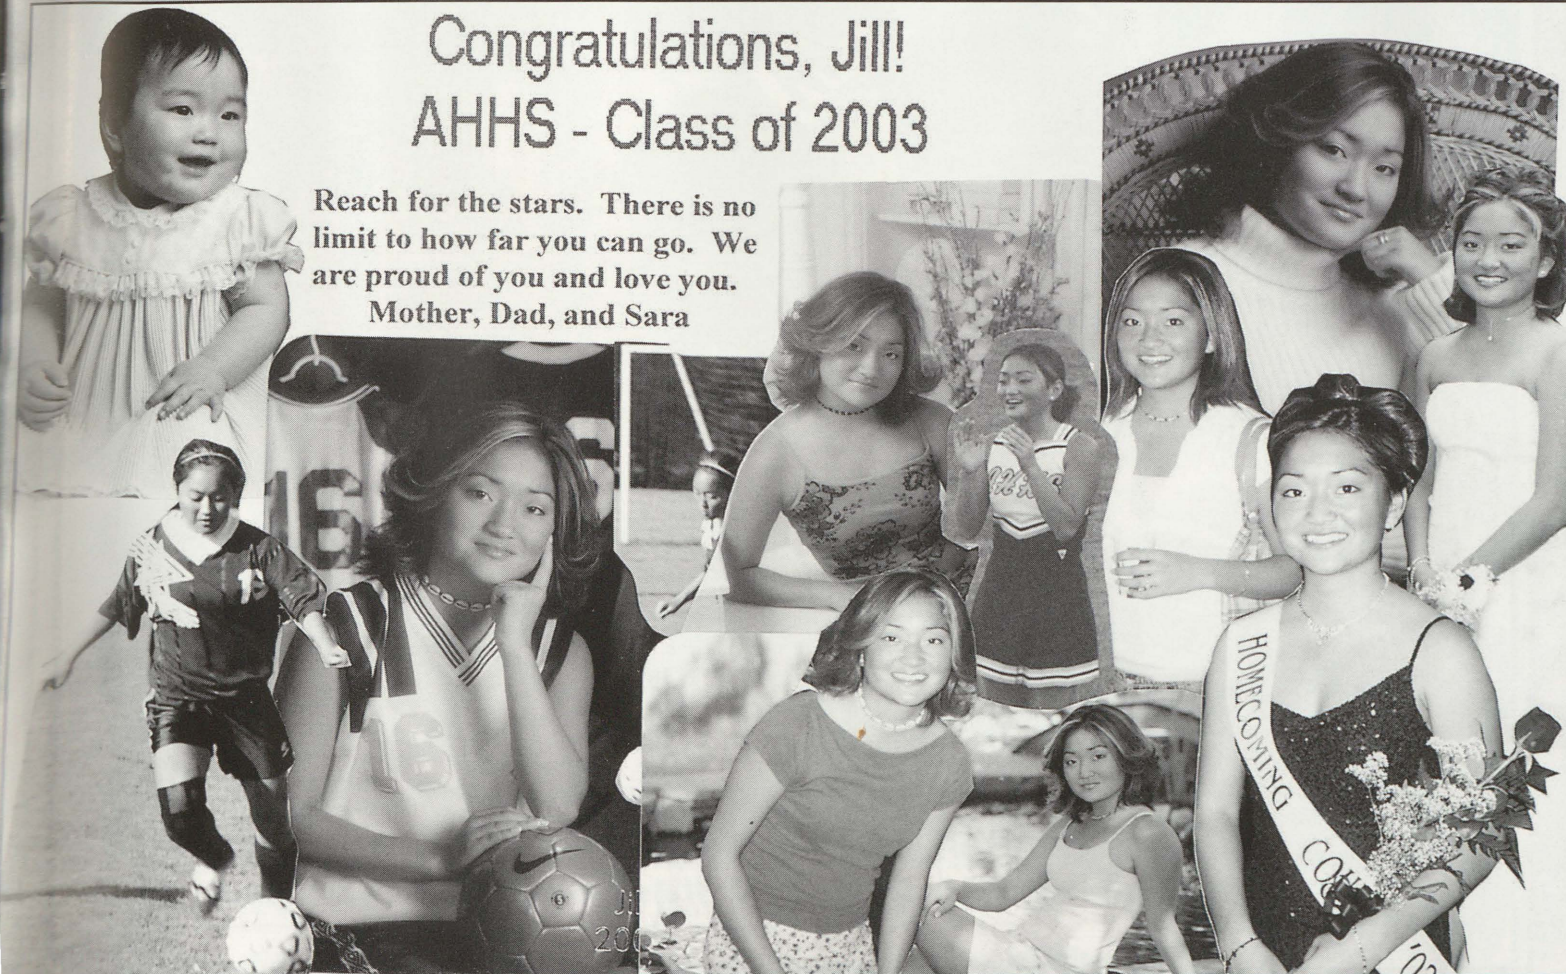

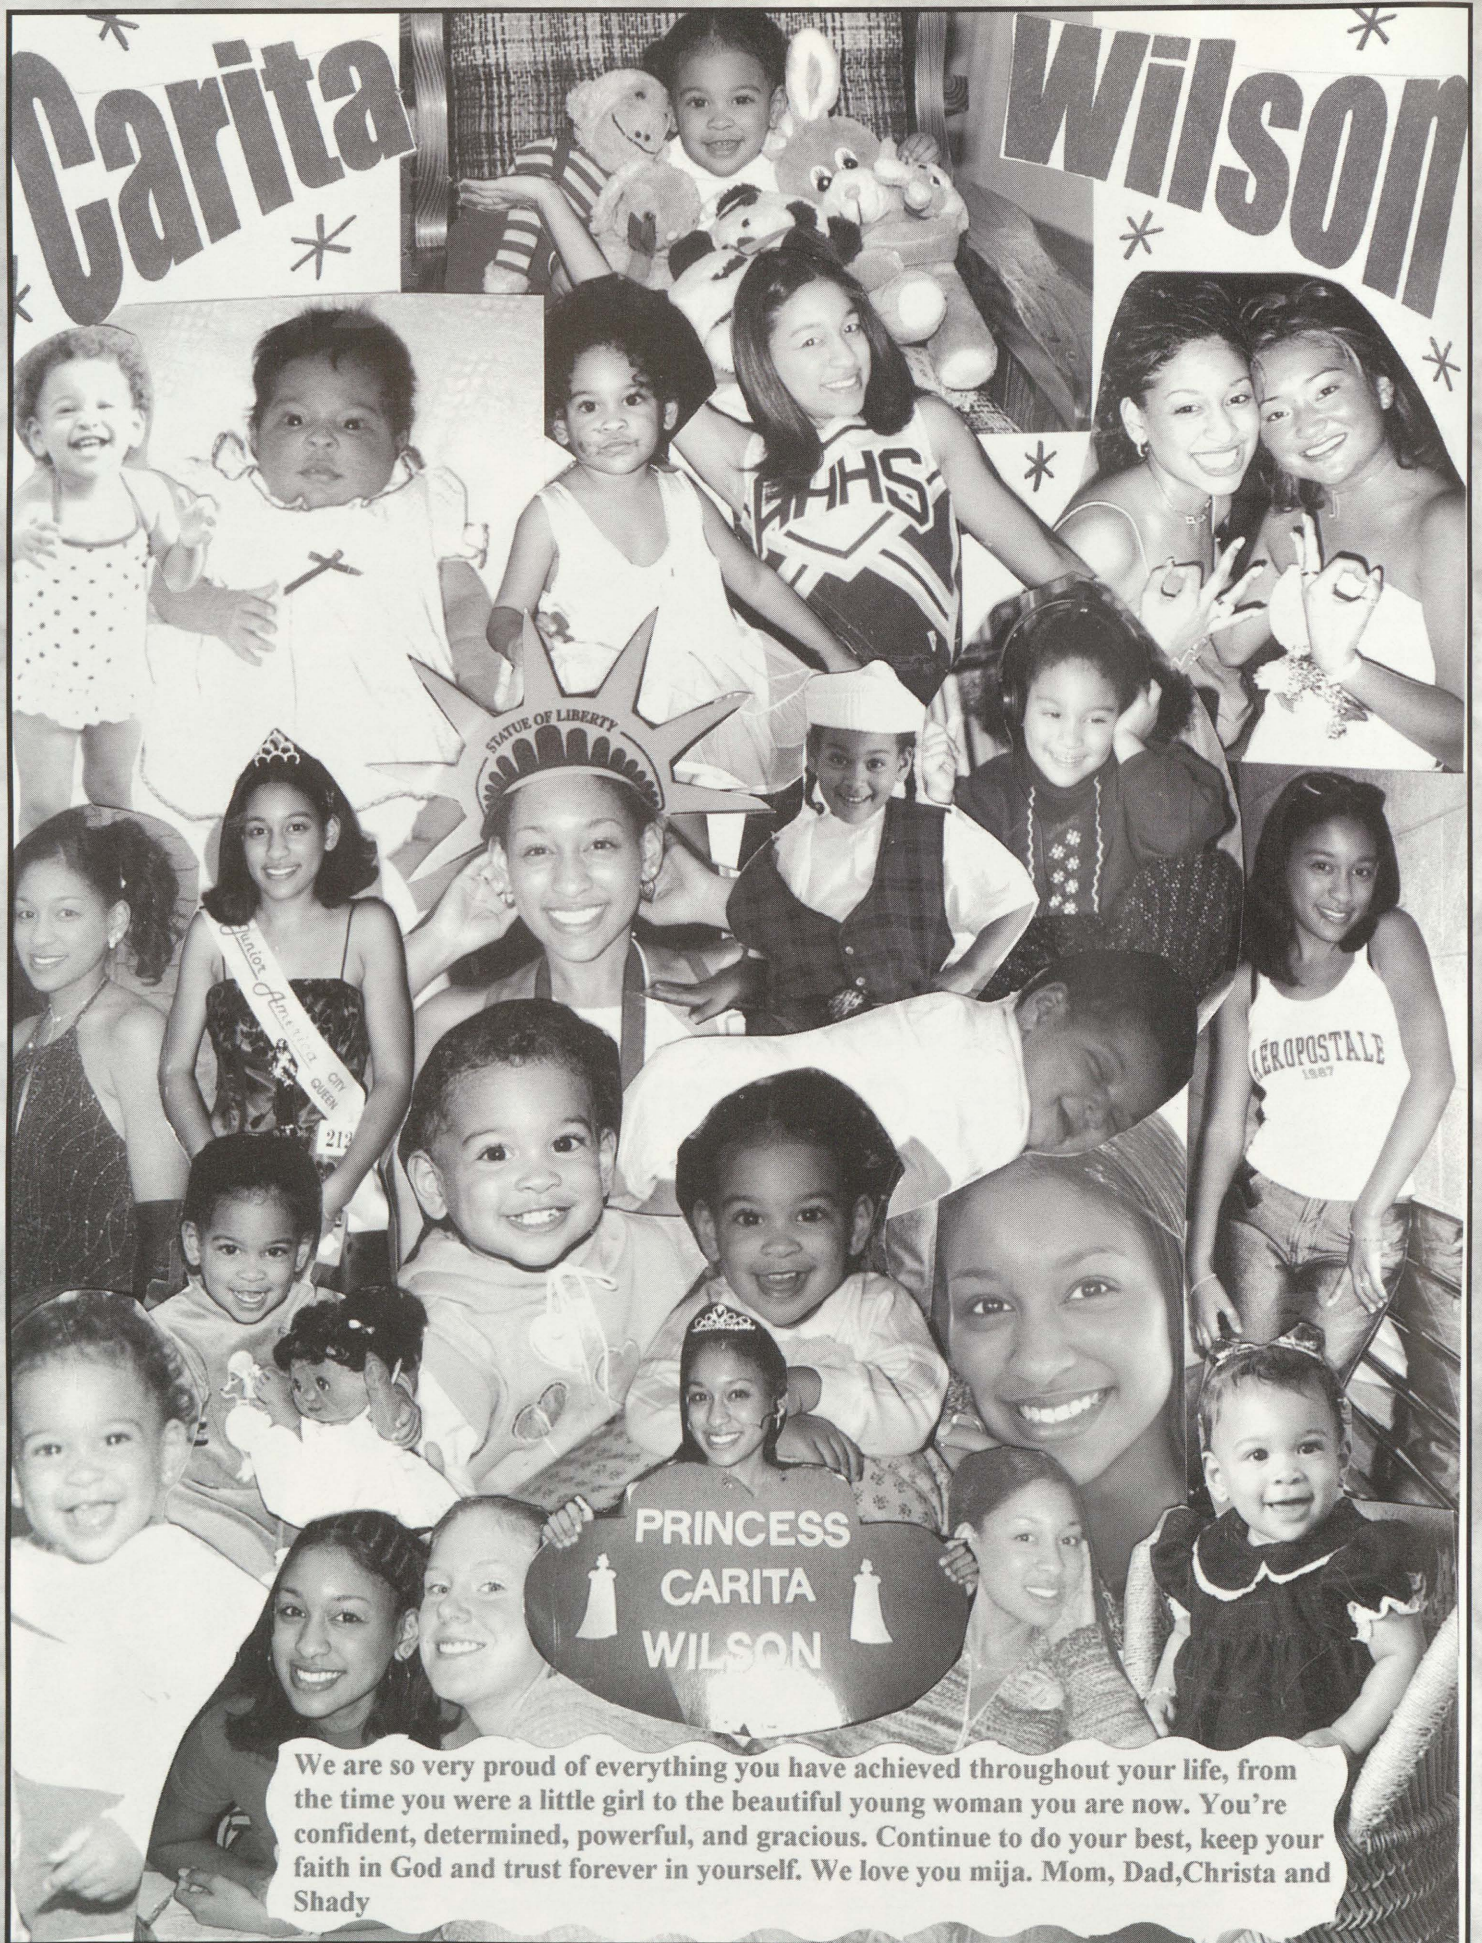

From: Mom, Granny, Aaron, Aunt Bunny, Gayle, Candi, Mel, R.B., Aaron Jr, Andrew and Alex.

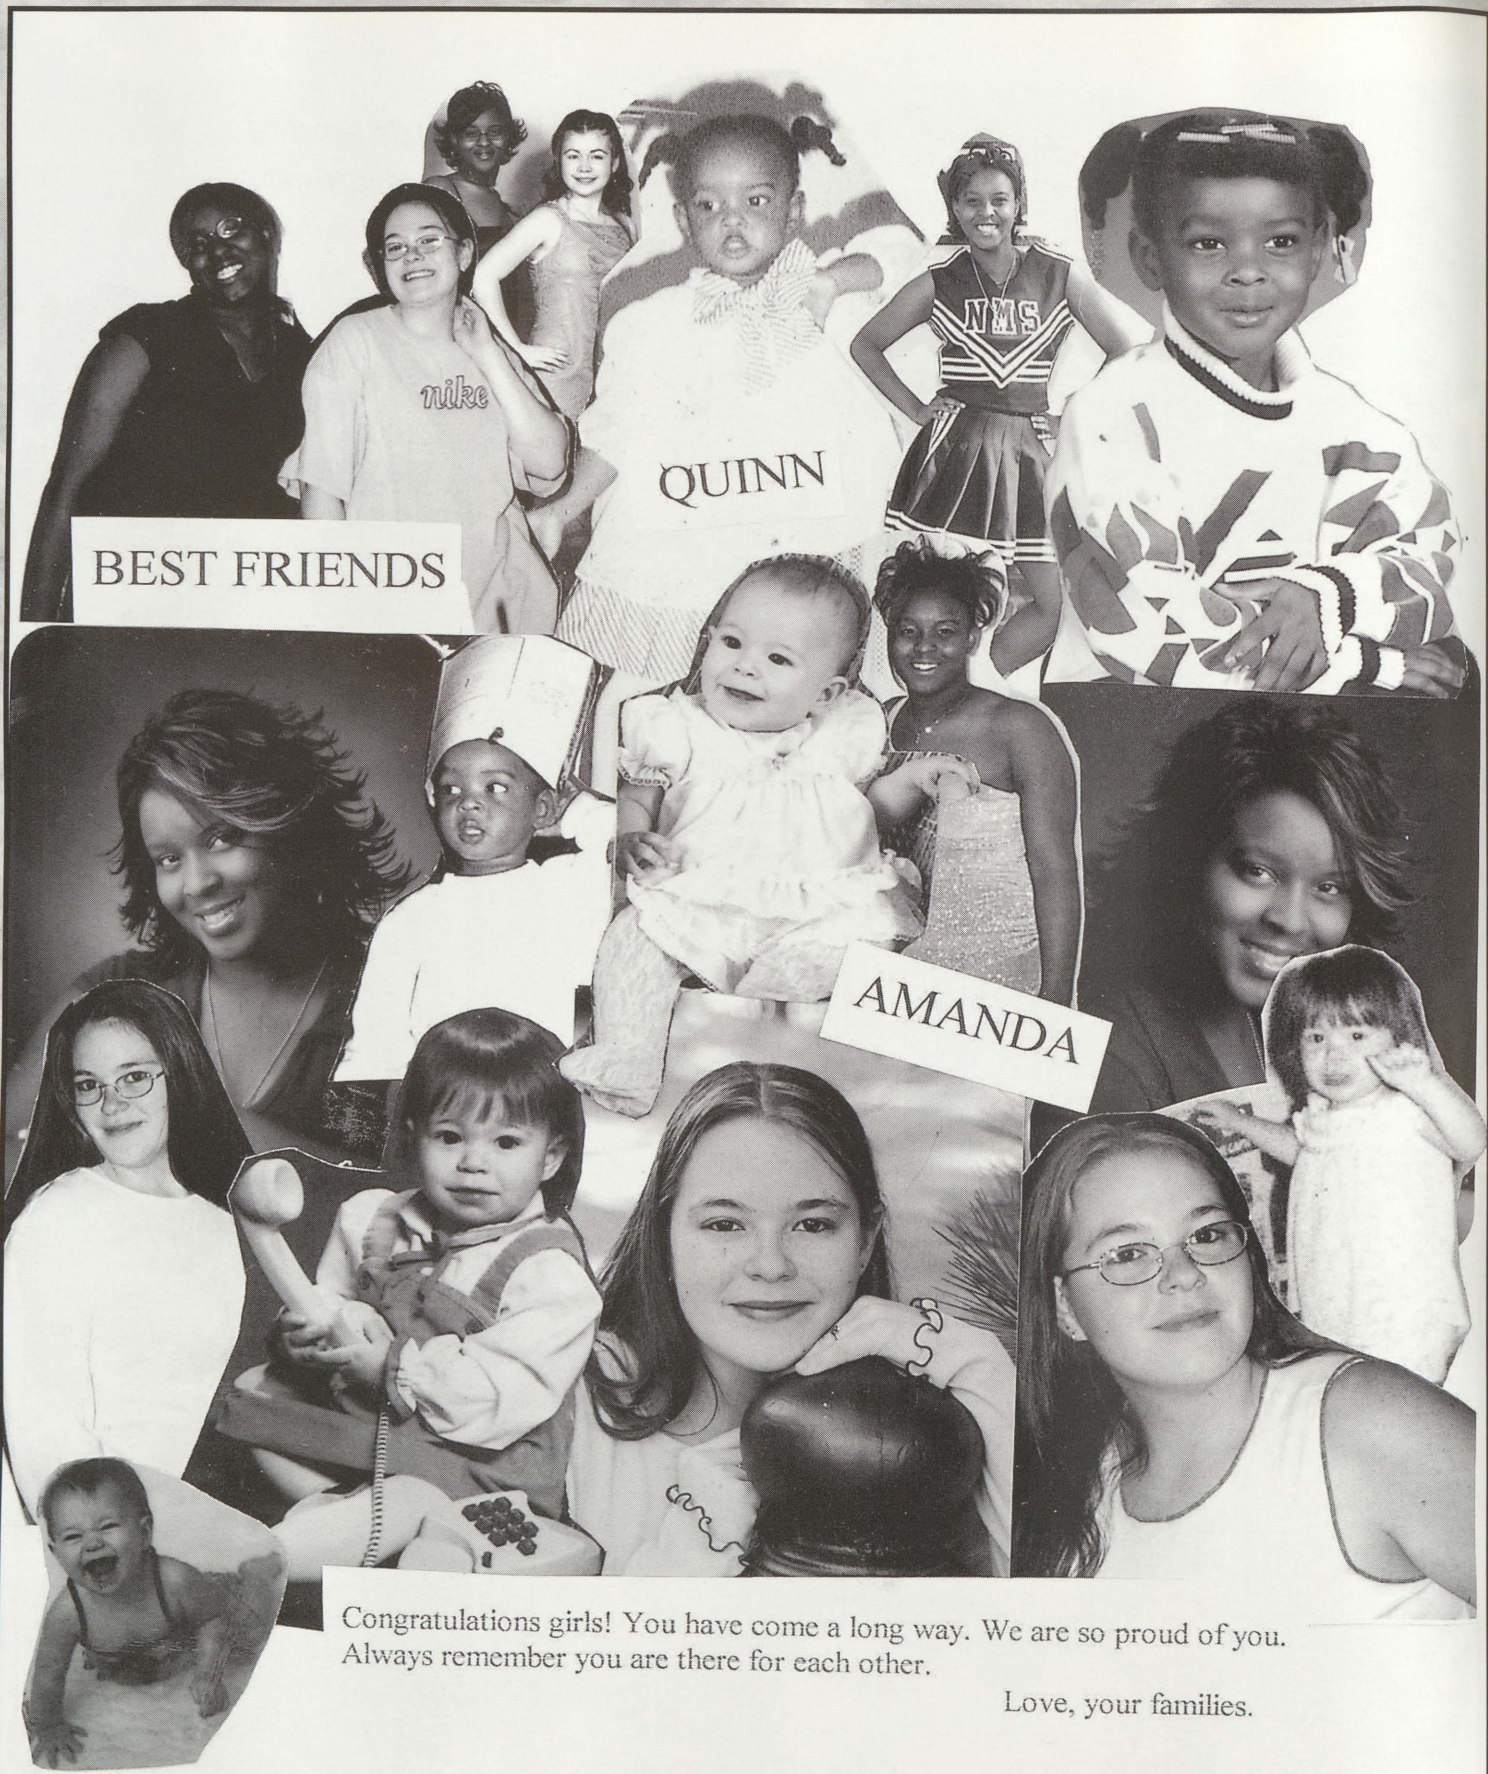

Congratulations, Jill! AHHS - Class of 2003

Black Magic

My Child,

There is music in You! SING it! LIVE it!
BE it!
You are "our friend".
You might not even say a word. If I could. . . I would.
Although we cannot—GOD CAN!
So . . . As today I know I'm living but tomorrow,
Will make me the past behind. We'll be loving YOU ALWAYS!
Remember, He's just a prayer away,

Mom & Dad
2003

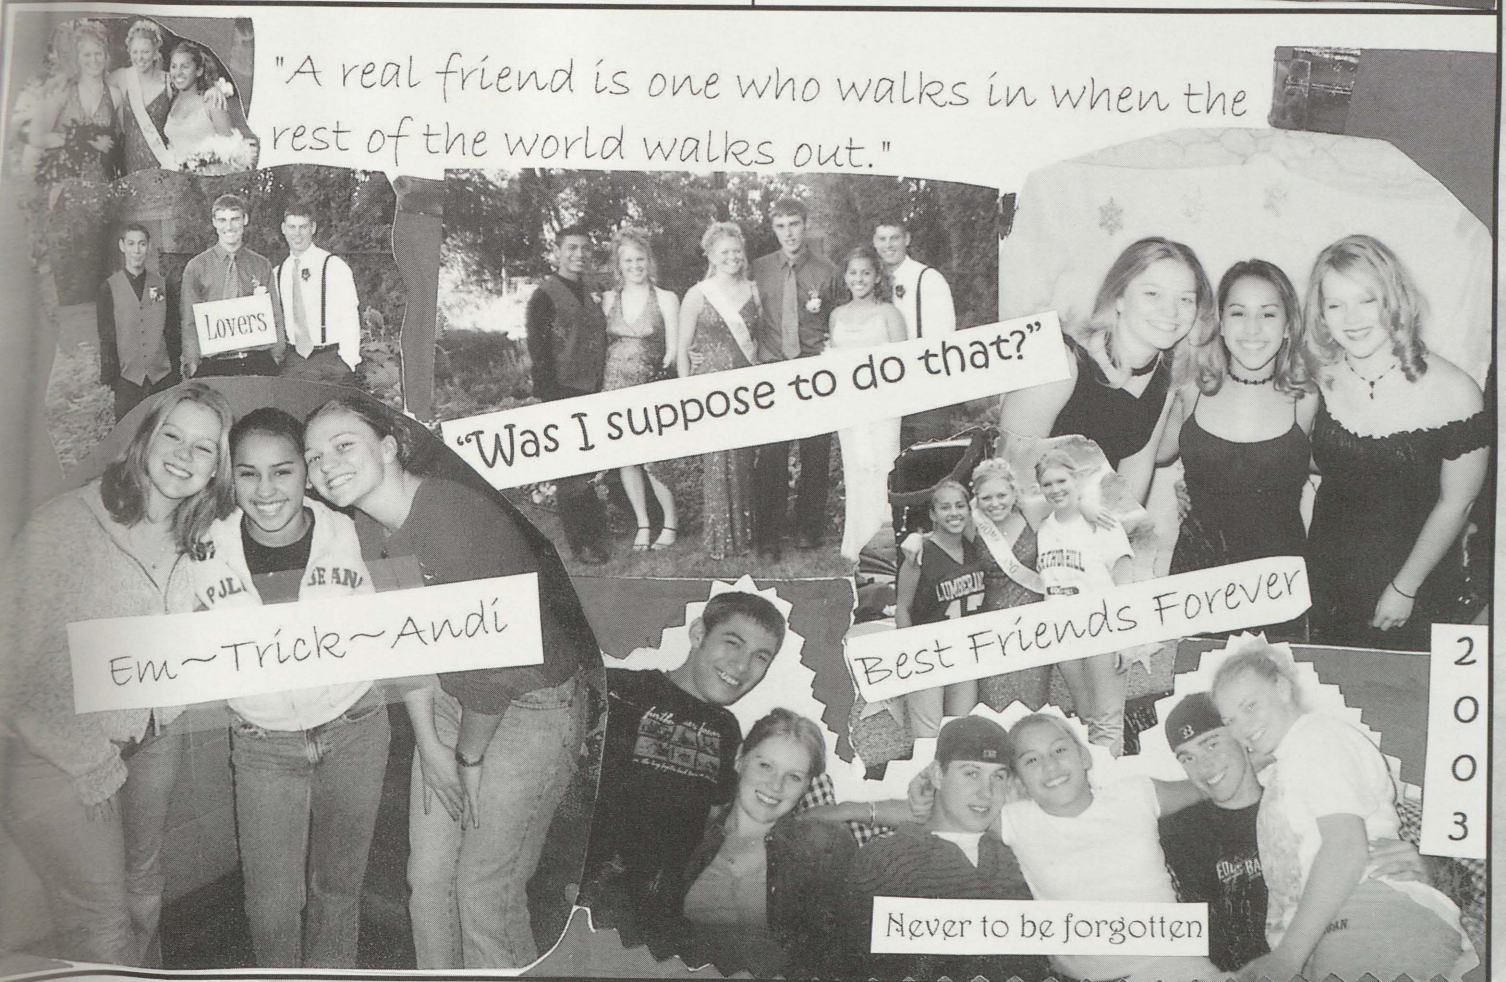

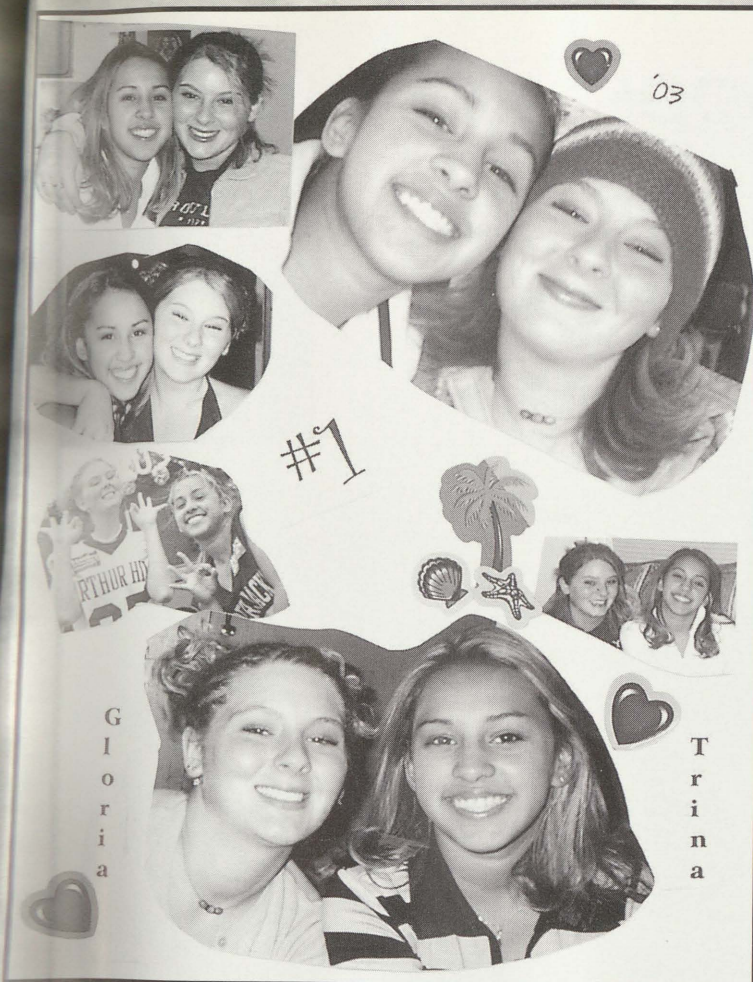

You think you know me, world that tries so very hard
to define black and female?
You don't.
I am Africa.
The Nile runs across the sweet width of my hips and thighs,
But you don't see, cuz I'm spitting faith smooth and rich through my lips
And it's all cuz of my best friend named Jesus.
Late one night my mama said that she gave birth to fire
And that out of the flames came me,
Burning blazingly free and black,
A tantalizing, chocolate imitation of my father;
And she said my daddy smiled and said, "Jean, this is Black Magic."

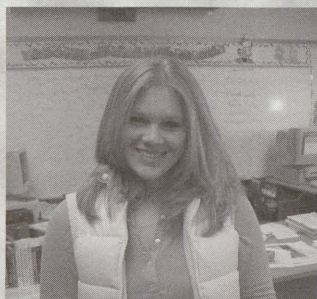

I am cognac shut up in a glass.
Cayenne pepper scorching the tip of your tongue
On a hot afternoon.
Oh, world taste and see that I am good.
All good.
Loved so purely by Jesus and my family,
Waiting patiently on the Lord to renew my strength,
That I may one day become an eagle and soar right into His bosom.
All God's children got wings
And Lord knows I'm more than willing to fly.
To my sisters I leave my magic,
My parents; my love and thanks,
My friends; my fire.
You think you know me?
World, you haven't begun to know me.
I am Erinna Ra'Nae McKissick.
A child of the Kingdom.
A black woman of beauty, and power,
And so much more.
In short, I am Magic.
Black Magic.
Congratulations.
Now you know me.

This year, the 2002-2003 Legenda Staff put a lot of effort into the creation of your yearbook. We hope this book showcases the diversity and excellence of Arthur Hill. As you page through the book you will be taken through the many events of the past year and pleasantly reminded of their detail through pictures and articles.

Our staff is made up of juniors and seniors who have expressed a sincere interest in capturing the memories we share here at Arthur Hill. We feel this book belongs to everyone at the Hill, so it's important to incorporate as many of you Lumberjacks as possible. From seniors to freshmen, from staff to administration, from those of you who are leaving to those of you who are staying, in this book you can find them all.

For the technical aspects of the book, it was printed by Jostens Inc. using Jostens Yeartech program. All layouts were created on Pagesurfer 6.5. When processing over 1,800 names, 100 stories, and 1,000 captions mistakes, may have been made. We sincerely apologize for any mistakes; they were completely unintentional.

Thank you for being a part of the 2003 yearbook experience. We hope these memories are enough to last you a lifetime.

Your 2003 editors,
Katy Hemingway
Emily Luxton
